SIX DIE WHEN BRIEF REVOLT SUPPRESSED

Four Thousand Riotous Strikers Cause Trouble in Island of Crete

DISBANDED AFTER SHARP FIGHTING

ATHENS, Aug. 5 (AP).—A bloody one-day revolt that left an estimated six killed and forty persons wounded in the rebellious Greek island of Crete, was reported quelled tonight by General Bakopoulis, in command of the trouble zone.

The 4,000 riotous strikers who earlier in the day sacked administrative offices in Candia, defying police and troops, dispersed peacefully and will be disbanded forthwith, the general informed the Government at Athens.

Two destroyers dispatched hurriedly toward Crete with a squadron of bombing planes and troop reinforcements were recalled.

An official casualty list had six strikers killed and twenty strikers, five officers and four gendarmes wounded.

FLARES SUDDENLY
The trouble, arising from a passive strike on Sunday, flared this morning in front of the prefecture of Candia, where the strikers gathered to shout their demands for increased wages and shorter hours.

Sharp fighting followed their defiance of orders to disband. Gunsmiths' shops were raided, rifles and revolvers seized and pitched battles began in the streets.

Martial law was declared during the rioting.

Although the politically-harassed Greek Government blamed the trouble on political foes, the Greek Labor Guild said authorities were at fault for not meeting the workers' demands for better wages.

HAS NO KNOWLEDGE
TESSE LA MADELEINE, France, Aug. 5 (AP).—Former Premier Eleutherios Venizelos of Greece, through his secretary, today denied any knowledge of the revolt in Crete.

"He doesn't know exactly what is taking place in Greece," said the secretary. "He was surprised to hear that he is accused of instigating the revolt."

DAVID SLOAN LOSES LIFE

Fails to Recover From Injuries Received in Alta Lake Crash

VANCOUVER, Aug. 5 (AP).—Funeral services for David Sloan, fourth victim of last Tuesday's seaplane crash at Alta Lake, will be conducted in St. Philip's Church on Friday at 2:30 p.m. with Rev. George Biddle officiating. Interment will be in the Masonic Cemetery, Burnaby.

Mr. Sloan died in the Vancouver General Hospital on Sunday afternoon, five days after the plane crashed while taking off from the tiny mountain lake for Vancouver, carrying Pilot W. R. McClellan and Dean R. W. Brock, of the University of British Columbia, to almost instant death, and fatally injuring Mrs. Brock.

Mr. Sloan was managing director of Pioneer Gold Mines of British Columbia, Limited, and president of Wayside Consolidated Gold Mines.

THINK OFFER OF BAIL IS A BLUFF

SAN FRANCISCO, Aug. 5 (AP).—The State Supreme Court denied a petition brought by Tom Mooney today, offering \$1,000,000 bail for temporary release from prison as that offer is at the taking of depositions in the East of his habeas corpus application.

William F. Cleary, deputy attorney-general, said: "This petition is not presented in good faith. I feel it is obvious the Supreme Court cannot be asked to release a man in State prison and send him outside the State's jurisdiction in effect, that would be assisting in his escape."

Four Killed in German Quarry

LIEGNITZ, Germany, Aug. 5 (AP).—Four persons were killed, twenty-nine severely injured and six others missing today in the cave-in of a basalt quarry. Rescuers were attempting to reach them.

Windstorm Is Destructive Near Toronto

Roofs were swept from houses, buildings demolished, and telephone and trolley wires torn down when a storm of cyclonic proportions recently struck the northeastern tip of Toronto and the village of Scarborough. Above is shown, left, the remains of a garage. Right, the roof of this house was lifted and tossed into the yard, where the debris is piled.

TRI-POWER MEETING IN PARIS TO DISCUSS PROTECTORATE PLAN

Kingsford-Smith Planning Another England-to-Australia Dash

HONOLULU, Aug. 5 (AP).—Sir Charles Kingsford-Smith, looking none the worse for a recent operation on his nose, arrived from Sydney, Australia, today, on the steamship Monterey en route to London to begin another flight to Australia. As usual, he proclaimed it would be his "last big hop."

The aviator, who has flown the Pacific between California and Australia twice, is bound for Los Angeles to take his airplane Lady Southern Cross out of storage and fly it to New York. From there, he planned to ship the plane to London for an attempt to break the flight record from England to Australia.

Druggists Numbering 200 Attend Four-Day Convention at Empress—All Provinces Represented

ESTABLISHMENT of a pharmaceutical school at the University of British Columbia was forecast by Hon. Dr. George M. Weir, Provincial Secretary and Minister of Education, in an address of welcome last evening to 200 delegates to the Canadian Pharmaceutical Association convention at the Empress Hotel. Druggists are assembled from all parts of Canada and will remain in session here until Thursday evening.

SORRY CARTOON MISUNDERSTOOD

Washington Expresses Regret to Japan—Artist Hints at More

WASHINGTON, Aug. 5 (AP).—The State Department expressed its regret to Japan today that an American cartoon of the Emperor had been misunderstood. The cartoon, published in the magazine, Vanity Fair, already had publicly denied that the caricature had been meant to be offensive.

It was the second time within a week that an official expression of regret had been made in answer to diplomatic representations. Last week the incident was the ripping of the Nazi emblem from the German liner Bremen. In neither instance was a formal apology asked, or given.

NO OFFENSE MEANT
Secretary of State Cordell Hull called to the attention of Ambassador Salto today that Frank Crowninshield, publisher of the magazine, Vanity Fair, already had publicly denied that the caricature had been meant to be offensive.

FRENCH STRATOSPHERE PILOT DIES IN CRASH

PARIS, Aug. 5 (AP).—France's first stratosphere airplane was wrecked in a test flight today, killing its pilot, Marcel Corno, twenty-eight.

The plane, which had been three years in construction, was undergoing a final test when it crashed near Bonnières.

A few spectators saw the plane grating wildly as without a pilot, then plunge to the earth. This gave rise to the theory the pilot fainted in the rarified upper air.

Would Include Recognition Of Italian Demands for Redress From Ethiopia

FRANCE TO TAKE LEAD IN MAKING PROPOSALS

LONDON, Aug. 5 (AP).—A League of Nations protectorate for Ethiopia that would include some recognition of Italian demands appeared today as the likely major subject for tri-power discussions in Paris next week.

The scheme, which in similar form already has been frowned upon by Italy and Ethiopia, may be approached from new angles during conversations between Great Britain, France and Italy, informed quarters said.

France, it was reported, might like the initiative in the matter as a result of private meetings at Geneva last week.

The British Government was represented as willing to discuss any project aiming at a solution acceptable to both Premier Mussolini and Emperor Haile Selassie.

OUTLINE PROPOSALS
The idea, as outlined here, seemed to be to conduct an arrangement that would give the league extensive control over Ethiopia. In turn, the league would delegate to Italy the right to colonize some areas and to

DEMONSTRATIONS COSTLY TO CITY

Vancouver Police Expenses Are Increased by \$70,000 by Parades Of Unemployed

VANCOUVER, Aug. 5 (AP).—Unemployment demonstrations had cost Vancouver \$70,000, Chairman H. De Graves, of the civic police committee said today.

Police department accounts were referred by the committee to the finance committee.

Police costs for seven months ending July 31 were \$481,000 out of a total appropriation for the year of \$675,000.

This left a balance of \$194,000, which would be used up in three months at the present rate of expenditure of \$65,000 per month.

Father Hubbard to Explode Scientific Notion on Glacier

Will Leave Sunday on Dangerous Expedition to Taku Ice Cap to Test Own Theory of Pressure Creating Heat and Melting Ice—New Book

FATHER Bernard Hubbard, S. J., explorer, priest, conqueror of mighty Mount Shishaldin, explorer of Aniakchak's volcanic secrets, and aid to "armchair" scientists, will leave for Alaska on Sunday in an attempt to explode another scientific theory.

He proposes to sit on the Taku Ice Cap, just to find out how warm it is. That statement may seem strange, but it is the way in which Father Hubbard, during the course of an interview here, described how he intended to prove that ice caps on Greenland and in the Antarctic are not 10,000 feet deep, as claimed by Admiral Byrd and other explorers.

Nazis Start on Harsh Measures Against Enemies

Recent Councils of Moderation Are Pushed Aside By Party's Leaders

REACTIONARIES TO FEEL THE THRUST

BERLIN, Aug. 5 (AP).—Nazi leaders, bent on thorough "housecleaning," pushed aside the councils of moderation heard in Government circles a week ago, and started today on a course of stern dealing with state enemies.

Jews, adherents of political Catholicism, and "reactionaries" expected to feel the thrust of the Nazi broom. At the same time, red notices on Berlin billboards denounced Bolshevism for seeking to force Germany into discord aimed at German civilization.

WITH GOVERNMENT TOOLS
Such Nazi leaders as Joseph Goebbels, Minister of Propaganda and Public Enlightenment, and Julius Streicher, Jew-baiting editor, seemed determined to carry on their cleanup with Government tools.

Streicher, said some Nazi quarters, was aiming at leadership of a new Federal bureau to centralize and systematize all measures calculated to "solve" the Jewish problem in a manner coinciding with the policy of Der Stuermer, his violently anti-Jewish newspaper.

IN HIS JURISDICTION
If the plan is carried out, such matters as barring Jews from bathing resorts, Aryan theatres and museums, preventing them from acquiring more property, and keeping them from migrating from small towns to Berlin, all would fall within Streicher's jurisdiction.

Goebbels, on the other hand, devoted much of his Sunday speech at Essen to berating "reactionaries" of the Steel Helmet type, and raised anew the question of whether Franz Selzer, head of the Steel Helms, would remain in the Cabinet.

Liberal Leader States Stand on Relief Problem

Mackenzie King Would Set Up National Commission Co-Operating With Provinces and Municipalities to Administer Assistance and Provide Work for Nation's Unemployed

OTTAWA, Aug. 5 (AP).—Nationwide co-operation under a national commission in the twin tasks of administering unemployment relief and providing work for the unemployed is the policy of the Liberal Party on the unemployment question, Rt. Hon. Mackenzie King declared tonight. He delivered the third and last of his series of pre-campaign radio speeches over a national network of the Canadian Radio Commission and independent stations.

A programme of useful relief works, including slum clearance, national park development, afforestation, public buildings, highways, level crossing elimination, preservation of historic sites and other projects was envisioned by the Liberal leader as an outlet for the energies of unemployed Canadians, particularly young men.

At the same time he warned that state expenditures for relief or for the purpose of giving employment could not continue indefinitely. Unemployment, he said, was a national problem.

TYPHOON ADDS TO CHINA'S WOE

Leaves Hundreds Dead After Tearing Through Southern Fukien

AMOI, China, Aug. 5 (AP).—China, already suffering from the severest flood in years, was dealt another blow by nature today, when a typhoon tore through Southern Fukien Province, leaving hundreds dead.

Fragmentary reports from interior points said many victims were drowned. Streams were flooded and many villages were completely inundated. Roads were impassable by weather predictions that a similar storm was on its way.

The deadly typhoon affected virtually every section of the southern half of the great province, centring at Chunchow, 180 miles north of Amoy. There some 2,000 homes were reported destroyed. It was described as the worst typhoon to strike China's south coast in many years.

Fukien is one of South China's three maritime provinces and has an estimated population of twenty millions.

Saskatoon Women Hurt in Accident

BELLINGHAM, Aug. 5 (AP).—Mrs. A. Patterson, fifty-nine, and Miss Saskatoon, twenty-six, both of Saskatoon, were injured in an automobile collision on Sunday evening and are in a Bellingham hospital.

Mrs. Patterson suffered a broken arm and Miss Patterson a badly cut leg. The driver, Joe Hay, also of Saskatoon, was uninjured.

VALIDITY OF MONTREAL'S TAX DOUBTED

Quebec Government Aiding In Defence of City's Sales Levy

ADVERSE DECISION WOULD BE COSTLY

MONTREAL, Aug. 5 (AP).—Validity of the Montreal 2 per cent sales tax by-law was defended in Superior Court today by officers of the Quebec Attorney-General's Department and Montreal's legal bureau.

The occasion was the appearance of Mayor Herve Ferland, of Verdun, to seek a writ of prohibition attacking the by-law and asking for a Superior Court order to prevent the Recorder's Court from trying charges facing the mayor for failure to collect the tax.

Mr. Justice A. Trahan took the matter under advisement after Alme Geoffrion, K.C., acting for the Attorney-General, delved into the British North America Act to indicate the division of taxing powers as between the Dominion and Provincial Governments.

PAID BY CONSUMER
Provinces were permitted to enact legislation for direct taxation, he said. He defined direct tax as being the desire of the Legislature that it be paid by the consumer. Under this heading, the city's sales tax is a direct levy, Mr. Geoffrion held.

Should the court decide the by-law was unconstitutional, he declared, the whole machinery of tax collection in Montreal would be threatened, with the city treasury being seriously harmed. He claimed there was nothing to prevent the Legislature from imposing penalties for infringement of its legislation and that such penalty collected by the city courts.

SAYS TAX INDIRECT
Counsel for Mayor Ferland also dug into the British North America Act to support his argument and mentioned decisions by the Privy Council to help his claim that the sales tax is an indirect levy and ultra vires of the Provincial Legislature and the city's by-laws.

ROGERS WILL MAKE FLIGHT

American Humorist to Accompany Wiley Post on Trip to Alaska

SEATTLE, Aug. 5 (AP).—Will Rogers, humorist and film actor, said tonight he would be a passenger in Wiley Post's new monoplanes when it takes off tomorrow morning for Alaska on one leg of a proposed Siberian trip.

"I don't know anything about the plane he has," Rogers said, "but if Wiley is the pilot, I don't care—he's a marvelous flyer."

Mrs. Post will accompany her husband and Rogers on the Northern flight.

TESTS NEW PONTONS
Post spent considerable time today flying the plane with its new pontoons. He said, on landing, that the ship seemed "to go even faster with pontoons than it did with wheels." Alan Blum, manager of the Airways Service Company, which installed the pontoons, had estimated they would reduce the plane's speed by five miles an hour.

SILENT ON PLANE
"This is only a hunting expedition," he repeated several times in answer to questions while he was at the airport. He was silent on whether he intends to complete the Moscow journey.

There were several minor adjustments which the plane must have before it will be ready to leave mechanics at the airport said. They doubted whether these would be finished by 8 a.m.

AIRMAN REPORTS LAND DISCOVERY

MOSCOW, Aug. 5 (AP).—Discovery of a mountainous, uncharted island in the icy waters off the northern coast of Siberia was reported today by the Soviet airman, M. S. Menikov, during a flight from Cape Schmidt.

The report, wirelessly to Moscow from Diom Island, said the airman believed the island to be mysterious and the existence of which has been debated for two centuries.

At the same time uncertainty surrounded the plans of Bigmund Levanefsky and his two companions, forced to turn back to Leningrad, when all trouble developed during their projected trans-polar flight to San Francisco Saturday.

New Leader Explains Reasons for Leaving Conservative Ranks

Hon. H. H. Stevens Speaks to Big Audience in Vancouver—Has Scathing Criticism for Legislation Following Price Spreads Report

VANCOUVER, Aug. 5.—From the first day on which the Parliamentary committee on price spreads and mass buying sat, "I was subjected to carping criticism by Cabinet colleagues regarding the treatment accorded representatives of big corporations summoned to appear before us," Hon. H. H. Stevens, Reconstruction Party leader, told an audience of 3,000 here tonight.

"This had culminated last October when it was suggested that he ought to apologise for remarks made before a Parliamentary study club. 'Rather than apologise, I resigned,'

STATES HIS REASONS. The former Minister of Trade and Commerce in Prime Minister R. B. Bennett's Government, now leading Canada's newest political party, devoted the major part of his speech

to a home city audience tonight to stating reasons for his break with the Government and acceptance of leadership in the new movement. The Vancouver Auditorium was the scene of his single Vancouver address; and on the platform Mrs. Stevens had a front row seat. A red-coated orchestra played stirring music before Mr. Stevens arrived, while posters above the platform bore the words "Stevens for Premier."

PARTIAL INFLATIONIST. He was not an inflationist in the sense that money should be printed and circulated without control or limit, Mr. Stevens told his audience. "But," he added, "I believe we should supply to Canada sufficient currency to supply the needs of the country and do the business of the country."

Quoting from the Price Spreads Commission report statements which he attributed to E. J. Young, Liberal member on that body, Mr. Stevens said that they simply indicated the Liberal belief in the survival of the fittest. But the Liberals in advocating survival of the fittest failed to realize that simply meant "survival of the richest."

MASSED CAPITAL. "When Mr. Young and the Liberal party say to let economic forces work, they forget that the economic forces today are massed capital," protested Mr. Stevens. "The Liberals say to let the law of supply and demand work, but they forget that between supply and demand stands the man holding the purse strings."

The law of supply and demand was not working in international trade. It was impeded by tariffs, quotas and other restrictions which negated it. Legislation introduced by the Government based on the price spreads report, said Mr. Stevens, was "ineffective, hopelessly inadequate, and introduced in such a manner that it showed conclusively there was 'no will to do' behind it."

CANNOT AGREE. Prime Minister Bennett had previously announced that he would implement the report. That, said Mr. Stevens, he had failed to do. "In his wisdom Premier Bennett has denied Parliament the privilege of dealing with legislation which he promised to bring in," the Reconstruction Party leader asserted. "I cannot agree with him."

Both the old political parties had side-stepped "the glaring social and economic wrongs" revealed by the Price Spreads Commission, said Mr. Stevens. Neither of them was prepared to defy "deeply entrenched interests" and legislate for elimination of these wrongs. So finally "certain men and women determined to take action, and the Reconstruction Party was formed."

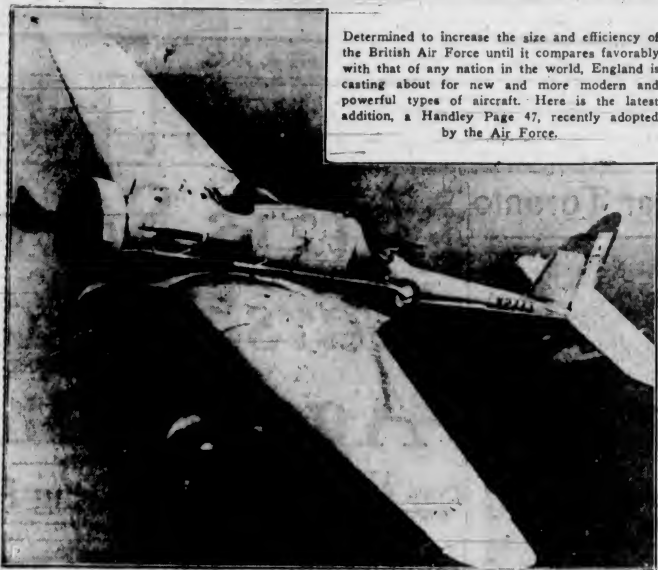

THE FIRST NEED. First and foremost, promised Mr. Stevens, his party would give full effect to the price spreads and mass buying report. Labor must not be bought and sold as a commodity. Agriculture must receive fair prices. He declared once again for appointment of a fair trade and industry board to eliminate unethical business practices and unfair competition. Public works proposals contained in the manifesto of his party were reviewed by Mr. Stevens. "We believe these proposals will result in a definite and immediate improvement which will rapidly relieve the acute distress among our people and bring about a standard of living consistent with our ideals of Canadian citizenship," he concluded.

High Temperature Makes Boy Bite

WASHINGTON, Aug. 5.—Though the heat and the humidity continued intense today the only casualty here was a small boy who tried to eat a thermometer. Carlton Jackson, three, saw all his elders inspecting a thermometer as the mercury hit 99 degrees. The long red line looked like candy to him. So he bit it off. Officers said he would be all better soon.

ARRIVES IN LABRADOR AT SECOND ATTEMPT

HOPEDALE, Labrador, Aug. 5.—Returning to Labrador to complete a mapping survey begun four years ago, Dr. Alexander Forbes, of Harvard University, arrived here tonight in a plane piloted by Charles J. Hubbard, former Harvard Rugby star.

On his first take-off from Rockland he was forced down by motor trouble at Shediac, N.B., and turned back to have a new motor installed in the plane.

SCOUT CAMP TO BE HELD SOON

District Outing at Burgoyne Bay, Salt Spring Island, Will Begin Saturday

A district Scout camp will be held at Burgoyne Bay, Salt Spring Island, from August 10 to 24. There will be approximately 120 Scouts in camp from the following troops: Third Victoria, First Cathedral, St. Paul's, St. Luke's, St. Matthias and Oak Bay Sea Scouts.

Visitors' day will be Sunday, August 18, and it is particularly requested that visitors come by Maple Bay.

E. G. Beaumont is kindly arranging to be at Maple Bay at 10:30 a.m. and 11:30 a.m. to take visitors across to Burgoyne Bay, and will also take them back in the afternoon.

DAVID SLOAN LOSES LIFE

Continued from Page 1

Limited, and B.C. Nickel Mines Limited. He held other lesser positions in various mining enterprises. Heart failure was the immediate cause of death, although he suffered fractures of both legs and of the right arm and shoulder.

ROMANTIC CAREER

On a summer day in 1923 a sun-burned, work-hardened man walked into an office in Vancouver's financial district, deposited a newspaper parcel on the desk and announced tersely: "Guess that'll fix the overdraft."

The man was David Sloan and the newspaper contained the first gold brick from the Pioneer Gold Mines of British Columbia, destined to be one of the greatest gold producers in Canada.

Just forty days before, Sloan had proposed to a group of Vancouver men interested in the Bridge River district to put up cash for development work on the Pioneer, then known as little more than a "hole-in-the-ground." The work to be carried out under his own direction. The group was to put up an equal amount and by the time his money and theirs was expended, he could either claim a half-interest in the property or drop out and take his loss.

His proposal was accepted and Sloan went back to the property on Cadwallader Creek. Expenses were heavy and it was to a drained bank account that he returned with that gold brick, which netted \$5,293 at the Dominion assay office.

WORKED IN SLOCAN. David Sloan was born in Perth, Ont., in 1881. Educated at Queen's University, Kingston, where he graduated in mining engineering, he first came to British Columbia in 1902 to work in the Slocan district, West Kootenay.

STATES STAND ON RELIEF PROBLEM

Continued from Page 1

der a Liberal Government, men on relief works would be paid wages, although the wages would have to be lower than those in private undertakings. A national commission could draw up a programme of works which might be carried on or discontinued from time to time as the needs of the situation dictated. It would conduct the work on a sound basis according to plan, not in a haphazard manner.

NO EXPERIMENTATION

Prime Minister R. B. Bennett had tried to solve the problem of unemployment and had failed because he had started too late and tried to do too much alone. "The problems of labor could not be solved by one man," Mr. King declared. They required united effort. They could not be solved by endless experimentation, but only by the application of principles which had stood the test of time.

The national commission would require the co-operation of Provincial governments and municipalities, and this it could readily obtain, as all Provincial governments but one would be Liberal. Was not the election of a Liberal Government at Ottawa the sanest sort of approach to a National Government, Mr. King asked. With Provincial and Federal governments all Liberal, friction would end, there would be thorough-going co-operation and constitutional difficulties would disappear with an ease which might astonish J. S. Woodsworth, the C.C.F. leader.

CITES PRECEDENTS

Precedents existed for a national commission of the sort proposed, said Mr. King. During the Great War the Canadian patriotic fund and after the war the Department of Soldiers' Civil Re-establishment, were agencies of a similar type. If a nation-wide co-operative effort was possible in war, surely a Government with vision and determination would be able to arouse the nation's will equally well in peace time.

Although Mr. Bennett had promised to end unemployment in 1930, unemployment had increased fourfold since he took office, said Mr. King. It was safe to say there were now 400,000 wage-earners out of work and the number needing relief had greatly increased. There was distress on farms too, perhaps greater than in the cities. The national commission would also administer relief for drought-stricken farmers.

TO BE MORE GUARDED

Along with the increase in the need for relief had gone a steadily increasing expenditure of money by the Federal Government, said Mr. King. Having this in mind he proposed to be "a little more guarded in my language, a little less profuse in my promises and not quite so ready to guarantee what state action can accomplish as Mr. Bennett or Mr. Woodsworth or Mr. Stevens."

The Liberal party took no issue with Mr. Bennett on the need for social reform, said Mr. King. But it did differ with him in the methods by which reform should be brought about and in the relation of reform to economic recovery.

ATTACKS RELIEF CAMPS. Young men in relief camps were "inflammable material in the hands of dangerous agitators," said Mr. King. The camps were "breeding grounds of Communism and defeatism." The ruthless handling of the recent relief strike had led to riot and loss of life.

The Government would invite the national commission to consider the removal of the camps from the jurisdiction of the National Defence Department. It would instruct the commission to see that the work provided was of a character in which those engaged could take pride.

NAVY WEEK TO SEE VISIT OF U.S. CRUISER

Salt Lake City and H.M.S. Danae to Be in Port During Festivities Here

BALL WILL BE HELD AT EMPRESS HOTEL

With the announcement, yesterday, that the United States cruiser Salt Lake City, Capt. Farquhar in command, would be in Victoria for Navy Week, August 12 to 17, it was decided by the city to hold a naval ball at the Empress Hotel on Friday, August 16, in honor of the occasion.

Attendance will be by invitation, although a limited number of reservations may be made at the Empress Hotel or by telephoning Gorden 7111, where tickets may be secured.

All British and Canadian naval officers will be on the invitation list as also will be a number of United States naval officers of the Bremerton base in addition to the forty-five officers aboard the U.S.S. Salt Lake City.

MAYOR COMING. Mayor and Mrs. C. L. Smith, of Seattle, will be guests of honor, while other visitors are expected from the Mainland. It was stated, a party of twelve from Duncan already has made reservations at the Empress Hotel for the naval ball.

The U.S.S. Salt Lake City is a cruiser of the latest type, and will be detached from the main Pacific fleet, now en route to San Francisco for Fleet Week, so that the United States may be represented here during Navy Week. H.M.S. Danae will come here from Vancouver to make her annual visit to Victoria during the Navy Week, which was inaugurated last year. Nearly 2,000 officers and ratings

will be in the city during Navy Week, it was stated. There are more than 600 aboard the U.S.S. Salt Lake City alone, while the Danae, H.M.C.S. Vancouver and H.M.C.S. Skeena will bring the total up to nearly 2,000.

Many other entertainments will be provided for the visiting officers and men during that week, and these arrangements will be announced as the details are completed.

URGING BETTER MOUNTAIN TRAIL

Victoria Chamber Supports Resolution Asking Repairs to Forbidden Plateau Route

Whole-hearted support was given by directors of the Victoria Chamber of Commerce at luncheon yesterday, to a resolution from the Courtenay-Comox Board of Trade seeking repairs to the Forbidden Plateau trail between Bevan and Dove Creek. It was pointed out in the resolution that the Forbidden Plateau was the only accessible sub-alpine area on the Island and was the chief attraction of the Courtenay-Comox district.

The district, according to a letter enclosed with the resolution, was appealing to the Provincial Government for improvement of the trail, and asked for Victoria's support.

Harold Hubbard drew attention to the increasing attraction the Plateau held for tourists, and explained the trail at present was difficult and in dangerous shape between Bevan and Dove Creek.

G. H. Stevens also felt that the trail should be improved to facilitate taking supplies in to camps in that region.

QUAKE GENIUS TAKING IT EASY

Reuben Greenspan Expects To Resume His Forecasts After Brief Holiday

NEW YORK, Aug. 5 (P)—Reuben Greenspan, the young mathematician teacher who has been predicting earthquakes with startling regularity, announced today he was knocking off and letting nature take its course.

In about two weeks he expects to resume forecasting which he said so far has been 87 per cent "on the nose."

"I haven't been feeling just right," he said, "and the doctor has told me to take it easy for a while and get my health back. You see, I've been working sixteen hours a day for the past month on my seismic forecasts, and so much intricate concentration is quite a strain."

NEW INSTRUMENTS

"But I've got some new instruments and facilities now, and plan to take it easy and just play around with them for a few days trying to perfect my technique still further."

His record, since he has been notifying newspapers in advance, follows:

Predicted quake in Quetta, India, June 1, in which 56,000 lives were lost.

Predicted quake on West Coast of Formosa, July 16.

Predicted quake in Northeast section of Japan.

Missed tremor in Crawley, Cal., which he predicted in Caribbean.

A few days ago when a quake was reported without a prediction from Greenspan, inquiry revealed he had been sick in bed.

Greenspan, thirty-one, lives in a modest basement apartment in Greenwich Village with his pretty wife who thinks him "a genius."

Bail for Strike Leaders \$34,000

REGINA, Aug. 5 (P)—Bail was set today for the five strike leaders committed for trial in September.

King's Bench Court totaling \$34,000. Arthur Evans, \$10,000; John C. Cosgrove, \$6,000; George Black, \$7,000; Matt Shaw, \$7,000; and Ernest Edwards, \$4,000.

Four men appeared in court willing to go bail but their securities were not acceptable to Judge Farrell on grounds their own valuations were no guide as to their worth of property. Further argument will be heard tomorrow.

Guarantee for Thousand Given Saanich Concern

A CTING through their Government, British Columbia citizens decided this week to back a \$1,000 note at the bank for an industrial concern at Saanich, B.C. Taking a first mortgage on real property and a chattel mortgage on plant and equipment, Provincial taxpayers will act as guarantors of the Bannockburn & Tile Company, Ltd., on a year's loan of \$1,000 from the Bank of Montreal at 6 per cent. The guarantee was given under the Department of Industries Act, and brings to about \$21,000 the level of public guarantees to different firms in the last two years.

NEW PARTY TO CONVEGE SOON

Reconstruction Party Plans Clubs, Central Body and Nominating Rally

Launched on Saturday by its leader, Hon. H. H. Stevens, the new Reconstruction Party was on the way yesterday to becoming a distinct and separate political entity, the fourth in the current Canadian scene. P. J. Sinnott, announced that a nominating convention of the party would be held in Victoria about the middle of this month, with no names to go before the meeting in a pre-arranged way, but the choice of a candidate to be made in open convention.

Meanwhile, Reconstruction clubs are being formed in Victoria and in the Nanaimo Federal riding, with organizing committee at work bringing the party into being in these two ridings. On this committee, Mr. Sinnott said, are R. P. Matheson, Frank Partridge, Trustee P. E. George and himself.

At present the headquarters of the party are at Mr. Sinnott's office, but permanent quarters are being arranged. H. Boothman has been appointed as secretary pro tem. After the various clubs are organized, it is planned to form a central association of the Reconstruction Group in this city, it was stated.

Entry of the Reconstruction Party into the Victoria Federal riding will insure four candidates in this city at the forthcoming election. D. B. Plunkett, M.P., is representing the Conservatives; C. J. McDowell, of the B.C. Industrial Relations Board, the Liberals; and Professor King Gordon, the Co-operative Commonwealth Federation, now allied with the Socialist Party of Canada.

To this will now be added the Reconstruction candidate when he has been selected.

MISSING GIRLS BELIEVED FOUND

Motorist Reports Giving Two a Ride to Cowichan Bay—May Be at Nanaimo

Reported missing from their homes since 10:30 o'clock on Sunday morning when they told their parents they were going to the George or Thetis Lake, two young girls, Sadie McMillan, fourteen, and Jean Plamondon, also fourteen, were believed by police to be somewhere in the vicinity of Nanaimo last night.

GIVEN A RIDE

A motorist reported to police headquarters here yesterday afternoon that he had given two girls a ride from Shawanigan Lake to Cowichan Bay. They answered the descriptions of the missing girls and they told the motorist they were on their way to Nanaimo.

Sadie is the daughter of Mrs. A. McMillan, 1226 McVicar Street, and Jean is the daughter of Mr. and Mrs. J. H. Plamondon, 775 Hillside Avenue. City police have communicated with the provincial authorities, who are endeavoring to locate the missing pair and return them to the homes.

THE DESCRIPTIONS The descriptions of the girls are as follows: Sadie McMillan, tall, light-brown hair, blue eyes, wearing green dress with white polka dots, blue coat and white shoes. Jean Plamondon, dark, short, stout, wearing brown coat with fur, cream dress with red spots and white shoes.

LOCAL PIPE BAND SECURES HONORS

Under Pipe-Major Wallace, Canadian Scottish Gains Second Place On Mainland

At the forty-ninth annual St. Andrew's and Caledonian Games, held in Vancouver on Saturday, the Band of the 1st Battalion, Canadian Scottish Regiment, made a splendid showing and brought back high honors to Victoria.

Under Pipe-Major Wallace, the 1st Battalion Pipe Band gained second place in open competition with all units and societies on the Pacific Coast. The drummers carried off the gold challenge cup for proficiency, under the direction of Sergeant Gow, who has seen years of service with the regulars as well as with the militia, has trained each member of the First Battalion drummers, and it is due to his instruction and keen enthusiasm that this height of proficiency has been attained.

Would Halt German Drive

Dr. Hjalmar Schacht, president of the Reichsbank, and Joachim von Ribbentrop, ambassador-at-large, are rumored to have impressed on Reichsfuehrer Adolf Hitler the full meaning of the antagonism abroad created by the German drive against "enemies of the State." Measures are being taken to throttle Julius Streicher, publisher of The Stuermer and inciter of the bitter campaign against the Jews.

MORE TOURISTS VISIT VICTORIA

Harold Husband Says General Traffic Shows Increase To Date This Year

Victoria has experienced from 15 to 20 per cent increase in its general tourist business to date over that of the corresponding period in 1934, and from reservations made so far, the city may expect to enjoy an even greater increase this month, Harold Husband told directors of the Victoria Chamber of Commerce, yesterday at luncheon.

He explained that a gain of approximately 33 1/3 per cent had been noted in the tourist travel to this city by automobile ferry boats.

Full credit for this increase was given by W. T. Straith, president of the chamber, to George I. Warren, publicity commissioner, and to the Victoria and Island Publicity Bureau. It was pointed out that while Vancouver had failed to enjoy an increase in its tourist traffic this year, Victoria was well ahead.

Mr. Husband and Captain George McGregor also praised Mr. Warren for his work.

It was noted that the erection of the proposed toll bridge at New Westminster would probably work to the benefit of this city and would divert more travel to this city next year.

DIRECTOR OF MUSEUM OF AMERICAN INDIAN RELICS CITY VISITOR

Combine business with pleasure, Dr. George G. Heye, founder and director of the Museum of the American Indian, in New York City, is staying at the Empress Hotel for several days.

Dr. Heye was a visitor to Victoria last year and while here collected many valuable relics for his museum which is the foremost of its kind in the world.

A former banker, Dr. Heye retired from business to fully enjoy his hobby of collecting Indian relics. He founded the museum in 1916 and then turned over the entire collection of nearly half a million specimens as a public museum.

NOT ANXIOUS TO ORGANIZE A CLUB

Stevens Reconstruction Party Gets Poor Response to Suggestion Made in Nanaimo

NANAIMO, Aug. 5.—Thirty-three persons met tonight in Nanaimo in response to an advertisement of the Stevens Reconstruction Party to form a club here.

Listening to Aubrey Clark of Vancouver, and Harry Freeman, Nanaimo, secretary of the meeting, it was decided to defer further action, and the meeting was adjourned for one week before further steps are taken to form the club as proposed.

Evidently the advantages of such a club were not appreciated in their entirety by the audience and the vote was unanimous for a postponement of the formation.

Dr. R. B. Dier, independent candidate in the last Provincial election here, was the mover of the postponement.

This might be the spot in the build-up for an announcement by Dier that he hurt his hand in an exhibition fight.

WAKE UP YOUR LIVER BILE

MAYOR CALLS CONFERENCE ON TAXATION

Civic Finances Will Be Under Discussion in Vancouver This Morning

COAST BUSINESSMEN SEEKING SOLUTION

Mayor David Leeming is still of the opinion that if the municipalities are to meet the financial troubles that face them, there must be an adjustment between them and the Provincial Government with respect to taxation matters.

Holding this opinion, he has been instrumental in getting a conference called for this morning in Vancouver, when civic and business interests will be represented and the situation will again be gone into with the idea of joint action being taken in reaching some agreement with the Government in the solution of the municipal troubles that face the municipalities.

LOCAL REPRESENTATIVES Victoria will be represented by Mayor Leeming with some officials of the city, and in addition, the real estate board will be represented by President T. J. Goodlake, James Forman and J. W. Jones.

Vancouver will have present at the conference members of the council, members of the real estate exchange and others who are interested in the solution of taxation matters in so far as the municipalities are concerned.

NO TIME TO BE LOST

The question of municipal taxation is of paramount importance, says Mayor Leeming, and there is no time to be lost in getting this matter settled. It is the hope of the Mayor that at this conference in Vancouver some basis may be reached upon which to meet the Government, looking to an adjustment of taxation so that municipalities will be in a position to face the responsibilities that confront them.

The interests of the province cannot be allowed to be sacrificed by a policy of drifting, the Mayor feels. This subject of municipal taxation must be solved and no time can be lost.

The conference will open at 10 o'clock this morning in the terminal city.

WIN CANADIAN SHOOT HONORS

Victoria Police Take Cup at Seattle—Constable Phipps Wins Contest

Victoria Police Department's crack pistol shots again covered themselves in glory over the weekend, and returned yesterday from Seattle with the large cup posted for competition between all-Canadian police teams, which they won at the Northwest International pistol and revolver shoot, held at Fort Lawton. Each of the members received a medal.

The local team finished some sixty points above the entry from the British Columbia Penitentiary. Constable Arthur Phipps, brilliant Victoria marksman, won the Canadian individual tyro shoot and was awarded a cup and medal.

Members of the local team were Inspector Jack McLeish, Constable Phipps, Detective J. H. Rogers and Policewoman E. M. Walker.

CHAPLIN—REV. S. Ryall

officiated at the funeral of the late Edward Viller Chaplin yesterday afternoon in St. Luke's Church, Cedar Hill, at which many sympathizing friends were present.

The two hymns sung were "Dear Lord and Father of Mankind" and "Nearer, My God, to Thee." The casket and hearse were covered with beautiful floral tributes.

The following were the pallbearers: Geoffrey H. Walton, Geoffrey H. Walton, Jr., Terence O'D. Walton, H. R. Patterson, P. R. L. Hinton, and H. O. Hinton. The remains were laid at rest in St. Luke's Churchyard.

APPLETON—The private funeral service for the late Frederick Appleton was held yesterday morning, Rev. Canon Chadwick officiating, after which the remains were laid at rest in the family plot in Ross Bay Cemetery.

GRIFITH—Private funeral services were held for the late Mrs. Jane Griffith yesterday afternoon, Rev. N. E. Smith officiating. Interment was made in the family plot in Ross Bay Cemetery.

Approve Sinking Fund Bond Deals in Municipality

Two bond deals, involving the expenditure of \$6,000 for sinking fund investment purposes, were approved by the Esquimalt council last night.

Purchase of \$5,000 of Esquimalt sewer loan 5 per cent bonds, due in 1963 at \$83.50, to yield 6 1/2 per cent, and \$1,000 of Esquimalt 6 per cent bonds, due in 1943 at \$92, to yield 7 1/8 per cent, were the deals approved.

The council authorized general accounts totaling \$17,870, as well as spending \$22 for minor fire-fighting equipment. The general account total included payment of \$10,000 into the sewer loan sinking fund.

REASSESSMENT TO START SOON
Revision of Improvements in Esquimalt Authorized by Municipal Council

First steps in the complete reassessment of improvements in Esquimalt will be taken within a few days. It was decided at last night's meeting of the Municipal Council.

The council authorized calling applications for the post of temporary assessors—applicants to state their qualifications and salary required.

Under the plan adopted by the council, complete records of the reassessment must be kept on forms supplied by the council.

Reassessment of the improvements was approved by the council some months ago, and the report of the committee to investigate a matter was tabled two weeks ago. Reeve Alex Lockie, Councillor Albert Heald and G. H. Pullen, municipal clerk, acted as a commission-

MAKING STUDY OF CONDITIONS
Agriculturist Is Loaned to Newfoundland to Survey Farming on Island

ST. JOHNS, Nfld., Aug. 5 (AP).—Loaned by the British Government to Newfoundland's Department of Natural Resources, W. Dingwell Beveridge, organizer of the Scottish Agricultural Society, has arrived in St. John's to take up his new duties.

Accompanying the loan of Mr. Beveridge was a grant of approximately \$15,000 from the colonial development fund.

OUTLINES NEW WORK
The agriculturist has been appointed director of co-operation of the Natural Resources Department and that department's commissioner, Sir John Hope Simpson, has given a rough outline of the work intended to be carried out under the plan.

First, Sir John said, Mr. Beveridge will make a survey of the entire island, making a special point of the requirements of the individual settlements.

Co-operative buying of seed, fertilizer, implements, and stock will be made available, as will co-operative selling of produce.

CHANGE OF DIET CHECKS DISEASE
"Dole Flour" Given to Unemployed of Newfoundland Proves Effective—Beriberi Remedy

ST. JOHNS, Nfld., Aug. 5 (AP).—A silver lining has appeared in Newfoundland's cloud of unemployment through the announcement that a change of diet effected by the dole system has rid the island of its most dreaded disease—beriberi.

Only one case has been reported within the last three months, although little more than a year ago thousands in the outports were suffering from the disease that stalked in the wake of unemployment.

Many of its victims so they could not return to work when jobs were available.

MIRACLE PERFORMED
Hon. J. C. Puddephatt, commissioner for public health and welfare, believes the use of specially milled flour, known as "dole flour," which has been distributed as relief rations by his department since last fall, performed the miracle.

The beneficial result was away beyond anything contemplated when use of this flour was suggested, he said in discussing reports from various parts of the island.

About 100,000 sacks of it had been distributed at the end of June, and an additional 5,000 sacks had just arrived from Canada. Similar small shipments would arrive until October, when the department would import a supply sufficient for the winter.

Starting reports of the ravages of beriberi in the outports were brought to the capital during the winter of 1934. Repeated visitations of the disease in some villages had left the human stock deteriorated physically, mentally and morally, and Dr. C. E. Parsons, superintendent of Notre Dame Bay Memorial Hospital, came to St. John's to warn that "economic rehabilitation of the country must await restoration of its people to health."

Dr. Parsons told of visiting one settlement to see two boys, eighteen and twenty, who had been stricken. He found them crawling about the kitchen floor by means of their hands and elbows, paralyzed from the waist down, otherwise apparently healthy excepting for the heart weakness apt to occur with beriberi. A score of villagers stood outside, and when asked to carry one of the boys to the doctor's boat on a stretcher it was found there were not two men in the group strong enough to do it.

"Their legs were too weak because of beriberi," the doctor explained.

The disease was most prevalent among people who lived on a highly restricted diet, and Dr. Parsons recommended distribution of whole wheat flour.

"But surely," cried Jean, "you didn't tell him straight out that you loved him?"

"Goodness, no," Mildred said calmly. "He had to squeeze it out of me."

ESQUIMALT WORKS PROJECT PLANNED
Preliminary Measures Taken by Esquimalt Council for \$5,500 Undertaking

Work on the \$5,000 Skinner's Plats drainage and sewer system installation scheme, in Esquimalt, will start within a few days. It was intimated at last night's meeting of the municipal council.

The council gave preliminary readings to a by-law authorizing the borrowing of the amount from the Provincial Government as a relief project. Although classed as an unemployed relief undertaking, work will be done by contract with local unemployed, or needy taxpayers as laborers—it was stated.

To speed up the enterprise, the council will hold a special meeting shortly to give final passage to the by-law. Plans have not yet been approved by the Provincial engineer's department, but early confirmation of the plan was anticipated by the council.

Preliminary readings were also given to by-laws calling for the erection of stop signs at certain dangerous intersections, and borrowing of \$600 from the Provincial Government to care for municipal relief costs during August and July.

The council tabled a report on superannuation from the Union of British Columbia Municipalities, pending receipt of Esquimalt figures.

UNIVERSITY MAY GET SCHOOL OF PHARMACY
Continued from Page 1

Mayor, he did not patronize drug stores, but he wished to thank druggists for their work in the interests of humanity. He told of all the attractions of Greater Victoria and thanked members of the association for choosing Victoria for their convention. He hoped they would return in the not-too-distant future.

Mr. Best asserted that he was amazed with the beauty of Victoria and Vancouver Island when he arrived here last Saturday on his first visit to the coast. He appreciated the privilege of being able to visit Victoria and knew that many difficult problems would be solved at the convention amid such beautiful surroundings.

WESTERN WELCOME
Fred Scott, president of the British Columbia Pharmaceutical Association, offered hearty thanks to Dr. Weir for his announcement in regard to the druggists' school. He tendered a hearty Western welcome to visitors from other Canadian provinces.

W. H. Bland, chairman, proposed a toast to the King, which was responded to by all present. He responded to a toast by the association and was sure that Victoria's reputation for hospitality would be upheld. He urged all present to take advantage of the entertainment planned for their visit.

PROGRAMME GIVEN
A gigantic silver-colored mortar and pestle bearing the words "C.P.A. 1935 Convention" decorated the stage. Walls of the banquet hall were bedecked with smaller silver-colored decorations bearing signs of welcome to each province.

Jack H. Trace arranged the entertainment, which included dances by Betty Clark, Myrtle Tupman and Alicia Farrant, accompanied by Jerry Scholten, songs by Miss Merle North, "Pop from Arkansas," a comic sketch by Ernest Prentiss, magic illusions by William Harkness, and a comic sketch by Mr. Trace and Norval Peterson, "Lizzy Laidlaw."

Music was furnished by Ray Simpson, cello; Alfred Prescott, violin, and Robert Zala, piano.

City and District

Minister Takes Rest—Hon. Gordon M. Sloan, K.C., left yesterday on a vacation to be spent within the Province. He is expected back in two weeks' time.

Early Closing—Due to the Canadian Pharmaceutical Association convention here, all Victoria drug stores will close at 9 o'clock tonight and Thursday evening.

Oak Bay Liberals—The Oak Bay Liberals' Association will hold a meeting on Thursday night at 8 o'clock, at the Liberal headquarters, Government Street.

Society Meets Tonight—The Victoria Horticultural Society will meet this evening at 8 o'clock in the City Hall. B. A. McKelvie, managing editor of the Colonist, will speak on general phases of horticulture.

Vital Statistics—British Columbia experienced an increase of 10 per cent in its birthrate for the first six months this year, according to the Provincial Health Branch. Births in the period numbered 6,241, deaths 3,338, and marriages, 2,810.

Auto Recovered—Stolen Saturday afternoon from West Street, an automobile owned by Alex Straith was found abandoned in Nanaimo yesterday, according to Provincial Police. No damage was done to the car. The gas tank was empty.

Colony Recognized—British Guiana was formally recognized by the Province of British Columbia this week, when the latter applied to the colony for operation of the Probates-Recognition Act, facilitating settlements of estates.

Annual Survey—Making their annual survey and business trip to Western Canada, William C. Hewitt, J. McCormack and D. C. Thompson, all of Glasgow, directors of the Scottish Co-operative Grain Company, arrived in Victoria yesterday and registered at the Empress Hotel.

Destroy Home Brew—Officials of the Liquor Control Board are to destroy another batch of seized beverages, including home-made wines, beer and assorted liquors. Authority to jettison the contraband collection under adequate supervision was granted this week by Provincial order.

Again Amend Rules—Provincial game regulations for 1935 were further amended this week to provide that no fur-bearing animal may be taken with a spring pole trap. Bag limits on birds were revised in several places.

Educationist Here—A noted educationist, Prof. A. O. Rankine, of London, director of the department of technical subjects in the Imperial College of Science and Technology since 1925, and professor of physics since 1919, is paying a short visit to Victoria with Mrs. Rankine. They arrived at the Empress Hotel yesterday.

Relief Loans Advanced—The people of British Columbia, through their Government, made a relief loan of \$12,000 to North Vancouver City, and one of \$500 to North Vancouver District this week, secured by treasury notes of the respective corporations, payable on demand at 4-1/2 per cent interest. Both centres are under Provincial commission.

To See West Coast—Hon. George S. Pearson, as Commissioner of Fisheries and Game, will leave on Sunday, on the Ss. Princess Maquinna for their annual inspection trip up the West Coast of Vancouver Island. They will examine fishery collection and points en route, before returning ten days later.

Sentence Remitted—Having, under the Government Liquor Act, sent a Victoria woman to jail for six months in default of a fine of \$300 for breach of the law, a committing magistrate yesterday supported the prisoner's claim for release on appeal.

One month, however, had already been served in Oakalla by the recipient of the present Provincial clemency.

Suffers Bruises—Back bruises and a cut elbow were suffered by Miss Evelyn Bland, 1048 Richmond Road, Sunday afternoon, when the automobile in which she was a passenger collided with another car at the intersection of Cook and Yates Streets. Miss Bland was riding in the auto of George Davies, 1067 Hampshire Road. The other machine was driven by Miss Margaret Mollard, 9 Moss Street.

Appointment Made—The people of British Columbia, acting through their Government yesterday, appointed Dr. G. F. Kincaid, formerly of Tranquille, as traveling tuberculosis officer, with headquarters at Kamloops. Dr. Kincaid will travel with a portable X-ray machine in preventive work, in an appointment distinct from that recently announced of Dr. Frederick Kincaid, to be tuberculosis officer on Vancouver Island.

Name Delegates—S. J. Drake, past president of the Royal Jubilee Hospital, was named Victoria Chamber of Commerce representative on the new British Columbia Foundation Board at a meeting of chamber directors yesterday.

ESQUIMALT WORKS PROJECT PLANNED
Preliminary Measures Taken by Esquimalt Council for \$5,500 Undertaking

Work on the \$5,000 Skinner's Plats drainage and sewer system installation scheme, in Esquimalt, will start within a few days. It was intimated at last night's meeting of the municipal council.

The council gave preliminary readings to a by-law authorizing the borrowing of the amount from the Provincial Government as a relief project. Although classed as an unemployed relief undertaking, work will be done by contract with local unemployed, or needy taxpayers as laborers—it was stated.

To speed up the enterprise, the council will hold a special meeting shortly to give final passage to the by-law. Plans have not yet been approved by the Provincial engineer's department, but early confirmation of the plan was anticipated by the council.

Preliminary readings were also given to by-laws calling for the erection of stop signs at certain dangerous intersections, and borrowing of \$600 from the Provincial Government to care for municipal relief costs during August and July.

The council tabled a report on superannuation from the Union of British Columbia Municipalities, pending receipt of Esquimalt figures.

UNEMPLOYED SEEK INCREASE IN PAY
Ratepayers Must Approve Move Before Scale Boosted, Esquimalt Council Decides

When a majority of Esquimalt taxpayers sign a petition requesting the council to grant a 20 per cent relief increase to municipal unemployed, that action will be taken by the administrative body of the municipality, it was announced at last night's council meeting.

Municipal unemployed, who had recently sought the increase through the C.C.F. Unemployed Council, will be advised that the petition, if adopted, must be headed with the slogan, "This Will Mean an Increase in Your Taxes."

The slogan was urged by Councillor Albert Heald and passed through the council. Councillor Heald stated that in this way the taxpayers would "see what they are doing."

A motion by Councillors Fred G. Eaton and Harry Hodgson to have a similar petition, which was presented to the council last May, reintroduced was voted down when it was pointed out that since the municipal relief allowances had been increased.

UNIVERSITY MAY GET SCHOOL OF PHARMACY
Continued from Page 1

Mayor, he did not patronize drug stores, but he wished to thank druggists for their work in the interests of humanity. He told of all the attractions of Greater Victoria and thanked members of the association for choosing Victoria for their convention. He hoped they would return in the not-too-distant future.

Mr. Best asserted that he was amazed with the beauty of Victoria and Vancouver Island when he arrived here last Saturday on his first visit to the coast. He appreciated the privilege of being able to visit Victoria and knew that many difficult problems would be solved at the convention amid such beautiful surroundings.

WESTERN WELCOME
Fred Scott, president of the British Columbia Pharmaceutical Association, offered hearty thanks to Dr. Weir for his announcement in regard to the druggists' school. He tendered a hearty Western welcome to visitors from other Canadian provinces.

W. H. Bland, chairman, proposed a toast to the King, which was responded to by all present. He responded to a toast by the association and was sure that Victoria's reputation for hospitality would be upheld. He urged all present to take advantage of the entertainment planned for their visit.

PROGRAMME GIVEN
A gigantic silver-colored mortar and pestle bearing the words "C.P.A. 1935 Convention" decorated the stage. Walls of the banquet hall were bedecked with smaller silver-colored decorations bearing signs of welcome to each province.

Jack H. Trace arranged the entertainment, which included dances by Betty Clark, Myrtle Tupman and Alicia Farrant, accompanied by Jerry Scholten, songs by Miss Merle North, "Pop from Arkansas," a comic sketch by Ernest Prentiss, magic illusions by William Harkness, and a comic sketch by Mr. Trace and Norval Peterson, "Lizzy Laidlaw."

Exhibition Of Pictures Draws Many

Following out her ideal of seeing established in the city a "People's Gallery" to which the public would have free access, Miss M. Emily Carr on Sunday afternoon gave an exhibition of about fifty-five of her oil paintings at her studio, 646 Simcoe Street, which was visited by about 225 persons.

Depicting Island and a few other Coast scenes, the pictures represented a wide range of subject in the artist's well-known style, of which bold coloring and fine breadth of line and mass treatment are essential components. Whether a forest scene, a seascape, a long range of mountains, or a bit of Indian village or burial ground, the same strong dramatic and interpretive feeling is apparent.

Last evening again a big party of the Teachers' Summer School students visited the exhibition, a particularly interested group being those from Mr. Weston's, Mr. Menclawa's and Mrs. Uthoff's art classes. One of the pictures that attracted special notice was the one of the Skiddians (Queen Charlotte Islands), a line of weathered grey totems in a sombre coast setting with a giant shoulder of purple mountain towering in the background and a wild log-stream beach in the foreground. Other impressive totem pictures translated the artist's feeling of what the Indians have expressed in these grotesque carvings.

There were numerous scenes inter-

preting nature—the heart of a grim forest with twisting cedar trunks entwined in the shadows; a fire-swept valley with tortured tree-trunks and stumps; a stark fir tree with characteristic "crow's foot" at its top, the isolated apex forcibly indicated by the converging lines of sky; a more conventional cottage against a sombre wood, the perspective cleverly suggested in sweeping lines meeting in the distance; the length of the Olympics showing under a curtain of swirling cloud; an expanse of glassy sea warped by the great ocean swell, and other subjects of similar inspiration.

ENGAGEMENTS

CALDWELL-TUCKER
The engagement is announced of Winnifred Fernie, eldest daughter of Mr. and Mrs. W. A. Tucker, of Vancouver, to Mr. Robert J. Caldwell, only son of Mr. and Mrs. Robert Caldwell, of 2321 Cook Street. The wedding will take place quietly on August 17.

DYER-STEWART
Mrs. K. R. Stewart, 357 Irving Road, announces the engagement of her elder daughter, Muriel Irene, to Mr. Richard Dyer, eldest son of Mr. and Mrs. S. H. Dyer, Sayward. The wedding will take place early in September.

NO DANCE TONIGHT

On account of the druggists' convention here, there will not be any swimming or dancing at the Crystal Garden this evening. The delegates will have the whole of the Garden from 7 o'clock in the evening until midnight.

Business Women Meet

A special meeting held last evening by the Victoria Business and Professional Women's Club in the rooms, Union Building, Miss Wiegley gave a full account of the July 20 week-end, which had been such a success and so much enjoyed by the large throng of visiting business and professional women. Various conversers also gave reports of the details in connection with the entertainment. Arrangements were made for letters of thanks to be written to those who had so materially assisted in making the week-end a memorable one. Miss Nona Rich, who with Mrs. M. Hall was a delegate to the Business and Professional Women's convention held in Seattle in July, read an interesting account of the meetings and the entertainment provided for the delegates. Miss Rich was accorded a vote of thanks for her report.

CCF W.A.

The Women's Auxiliary of the CCF will hold its regular meeting today at 2:30 p.m. The speaker will be Prof. King Gordon. All women with a live interest in the betterment of social and economic conditions are cordially invited to attend and join the organization.

The girl chum says she had several volumes of reading matter mapped out for the summer, but the most it has amounted to so far has been a few pamphlets on the treatment of sunburn.

Garden Makes Pretty Scene For Marriage

At "The Cliffs" Duncan, the home of the bride's aunts, Misses M. E. and M. Wilson, a very pretty wedding was celebrated yesterday afternoon, when Margaret Lineham was united in marriage with Mr. Allen E. Williams, son of Mrs. Williams, of Victoria. The wedding took place in the garden, with Rev. W. F. Burns officiating.

The bride was unattended and looked very attractive in a smart tailored ensemble in shades of rose color with nigger-brown redingote, brown felt hat and brown suede accessories. She wore a shoulder corsage of small carnations, sweet-heart roses and gypsophylla. Mr. Hubert H. deBurgh, of Prevost Island, acted as best man.

RECEPTION HELD

A reception was held after the ceremony, the drawing-room being decorated by the sisters of the bride, Mrs. J. M. Greaves and Mrs. G. Jamieson, with a profusion of Summer flowers in tones of yellow, orange and blue. The table was centred with a three-tiered wedding cake.

Among the out-of-town guests attending the wedding were: Mrs. Williams, of Victoria; Mr. and Mrs. J. S. T. Williams and Miss Julia Williams, Vancouver; Mr. and Mrs. J. M. Greaves, of Parkville; Mrs. Bampfyde Daniell, Mrs. Richard Good, Miss Helen Dalley, Mrs. J. Kelly, Mr. W. J. Weaver, Dr. C. P. Brebner and Mr. Fletcher, all of Nanaimo.

After a honeymoon spent motoring on the Island with a visit to the Forbidden Plateau, Mr. and Mrs. Williams will make their home at Nanaimo.

Jane Dixon Says:

THE WHIPPING POST WAS SO WELL SUITED TO A MAN WHO BEATS HIS WIFE: AND HOW BECOMING IT WOULD BE FOR SOME SISTERS-IN-LAW.

Some of you wives who think you have domestic troubles should sit in on this desk for a while.

You'd soon come to the conclusion that your little trials and tribulations are mere chaff in the wind.

Here's a wife who has real home trouble. My heart is heavy for her.

Dear Miss Dixon: I'm in desperate need of advice and have no one to ask for it except the pastor of my church and you. I've decided to ask both.

I've been married almost two years, and all my married life has been a torment because of my husband's family. I was a town girl and lived in this place all my life. My husband was born and raised in this country. He lived here with his mother and sister, the latter having four children.

We were married, and because he wanted to wait until he could get some place for us to stay he asked me to keep the marriage a secret. I consented because I loved him dearly and wanted to start off by myself. He didn't find a place and, finally when it was necessary to announce the marriage, he took me to his mother's home.

Things went wrong from then on. Nothing except criticism and mean talk from the mother and sister. The mother went to the hospital and when she came out she went to the daughter's place to make her home there, giving me her dining-room and kitchen to use. All this time there was nothing but fault-finding by the sister and her children. I asked my husband to tell them to leave me alone, not even to speak to me, but he refused.

HUSBAND BECOMES CRUEL

When my baby was born his sister went to my mother and said terrible things about me—that I had disgraced her family. My mother ordered her from the house. She came in my room and insulted me, and the nurse had to order her out. Still he will do nothing, not even when the sister tells me to get out of this house.

I'm a neat housekeeper. The sister and her children come into my kitchen, mess it up, and when I protest they say it belongs to his mother and they'll do as they please. If I mention it to him, he says I'm fussing. He gets mad and drinks, and then he is very cruel—physically violent.

I had many fine young men friends before my marriage and was considered attractive. I can't understand why he does these things to me. He tells me to go home if I don't like it where I am. My father is ill and the doctor says he must not be worried. It would worry him dreadfully if he thought I was being mistreated.

My husband will give me no money—not even enough for groceries. Still I believe if I could get him away from his people we would be happy and he would be good to me.

Please tell me how I can do this?—Worried Wife.

OH, FOR A WHIPPING POST!

Answer: Cases like yours make human beings wonder why the whipping post was abolished! The whipping post was so well suited to a man who beats his wife. And how becoming it would be to the sort of sister-in-law you describe!

I hope you have told the pastor of your church the whole story as you told it to me. He may be able to bring your husband to a realization of what destruction he is doing. He may.

Don't count on it too much, though. A man who is mean and brutal enough to submit his wife to insufferable indignity and to use physical violence as an outlet for his own ugly passions is not a man in whom to place your trust.

You will have to take your child and leave the shambles where you now are. Nothing by way of rehabilitation can be done while you remain there.

Your husband does not love you and he does not love his child. Love does not torture.

Go to a domestic relations court if there is one in your town, to a welfare society, to a judge in your district. Do something. Let your husband know you have reached the end of your endurance, and that for the sake of your child he must make a new life or lose the two of you.

P.A.R.I.S. Aug. 5 (AP)—Hybrid fabrics, as varied as Burbank's plant mixtures, were evident today in the clothes shown at Winter style shows.

Uneven surfaces, such as quilted and ribbed lacoonne effects, marked many of the garments, which often combined two materials.

There were black wools, studded with sequins and tufted with tassels and fringe, and ribbed lacoonne coats of wool and multi-colored, two-toned tweeds.

Evening gowns were fashioned of crinkled crepes and quilted silks, shot or dotted with lame threads.

CONTROL HELPSB.C. Halibut Season Meeting
Encouraging Conditions This Year

British Columbia's halibut season is making favorable progress, with prices firm and excellent prospects of a longer season than has been the case in the past, George J. Alexander, deputy commissioner of fisheries for the province, reported yesterday. Between March 1 and July 31, a total of 24,383 lbs. of halibut were landed by United States and Canadian vessels.

In Area 2, Southern British Columbia waters, Canadian vessels landed 6,634,203 lbs. and United States craft, 9,121,732 lbs. In Area 3, the North Coast, United States vessels landed 8,259,729 lbs. and Canadian boats, 142,634 lbs. The Canadian fleet is nearly confined to southern waters, with the exception of a few of the larger type fishing vessels.

CATCH IS SPREAD

Aggregate landings in Area 2 were 13,765,935 lbs. to July 31, compared with 18,867,806 lbs. at the same date last year. Total landings in Area 3 were 8,402,363 lbs. as against 14,136,187 lbs. in the period last year. July landings were 4,441,891 in southern grounds, and 2,066,815 in the north.

The figures are those compiled with the assistance of the International Fisheries Commission. Comparison with last year's figures indicates that the halibut season is being stretched out by the fishing fleet, and the market fed with enough fish to supply the demand without breaking the price. Prices, in consequence, states Mr. Alexander, have been holding well and prospects for a good season all round are encouraging.

International co-operation has contributed much to this result.

FYVIE SECOND IN RIFLE MEET

Victoria Marksman Tied for Runner-Up Position at Ontario Meeting

LONG BRANCH, Ont., Aug. 5 (P).—Crack sharpshooter and member of the invading Alberta rifle team, Lieut. Stephen Johnson, of Wayne, today blazed his way to the top of the President's Match, first big shoot of the Ontario Rifle Association's annual meeting on the ranges here.

The shoot will last only four days as compared with five last year owing to fewer entries. No women are entered.

Fresh from the Alberta meet last month, the Western marksman conquered a steady wind and a hot sun to tie the two Hamilton snipers, Sergt. N. L. Beckett and Sergt. J. Freeborn, with 40 out of a possible 50. On the strength of his placement he was awarded the gold medal.

Five crack marksmen, including one Blaisy shot, slipped their way into a tie for first place in the "Our Friends" match. They were Sergt. Major George Emslie, Toronto; Blaisy shot; Lieut. R. Storrer, Toronto; Captain Jack Steele and Lieut. Col. C. R. Crowe, both of Guelph, and Sergt. J. Kier, of Vancouver. Shooting consistently, they posted 60 scores out of a possible 70 over 300 and 500 yards.

Captain Dave Fyvie, of Victoria, was one of ten tied for second place in the "Our Friends" match with 68.

Nanaimo Series Is Moved Ahead

CALGARY, Aug. 5 (P).—Play-down in the Dominion Football Association championship between the Lethbridge Supins, Alberta champions, and Nanaimo, British Columbia titleholders, scheduled for August 6 and 7, have been postponed, according to word received here today from Sam Davidson, Winnipeg, secretary of the D.F.A.

To be played at Lethbridge, the games may be played on August 12 and 14, depending on progress made with the play-offs in the East.

Yale Net Squad in Narrow Win

EASTBOURNE, England, Aug. 5 (P).—The Yale doubles team of Edward Mansfield and George Stevens outlasted their British rivals in a three-hour struggle today in the decisive point which gave the combined Yale-Harvard forces victory over the Oxford-Cambridge team and possession of the Benson S. Prentice international inter-collegiate tennis cup.

The Americans won the tenth series of the biennial competition by the close score of eleven matches to ten. The victory enabled them to square the series at five victories apiece.

Stevens and Mansfield won the decisive doubles marathon from C. R. Fawcett and A. Hornby-Wright 6-3, 10-12, 17-15.

Pair Tied for Top

WESTWOOD COUNTRY CLUB, CLEVELAND, O., Aug. 5 (P).—Thirty-two women golfers battled their way into the match play rounds of the women's Western United States tournament today.

Miss Mary K. Browne, of Cleveland, former United States tennis champion, and Miss Ella Mae Williams, seventeen-year-old blond from Chicago, led qualifiers with 81's, two over par for this heart-breaking layout.

Close behind the leaders came Miss Rena Nelson, of Chicago; Miss Marion Leachman, of Berkeley, Calif.; and Miss Elizabeth Abbott, of Los Angeles, each with 82.

Many a man wouldn't object to his wife wearing her skirts a little shorter if he'd only wear them a little longer.

Toronto Eleven Drops Football Fixture 2 to 1

SOLDIERS' FIELD, Toronto, Aug. 5 (P).—Falconbridge defeated Toronto Scottish, 2-1, here today in the third and deciding game for the Ontario soccer championship. Each team had previously won a game. The win advanced the northerners into the Eastern Canada final against the Airders of Montreal, with the first game probably on Wednesday.

TENNIS MEET IS UNDER WAY

Northwest Sectional Men's Singles Marks Opening Of Coast Tennis

TACOMA, Aug. 5 (P).—Seattle and Portland cornered most of the glory of the Northwest sectional men's singles tournament, which reached the semi-finals here today, with two Seattleites and two Rose City entries still in the running.

Mel Dragna, of Seattle, will meet Don Lewis, Portland ace, in one semi-final tomorrow, while Henry Rosenberg, University of Washington champ, meets Elwood Cooke, of Portland, in the other. The finals in the men's singles and doubles will be staged Wednesday.

The Pacific Northwest championships also started today at the Tacoma Lawn Tennis Club courts and will continue until Saturday.

Twenty-seven singles matches were played today, and favorites fared as expected in all divisions.

First round—Henry Rosenberg, Seattle, defeated Jack Brown, Vancouver, 6-2, 6-2, 7-5.

Men's doubles—Elwood Cooke and Don Lewis, Portland, defeated Jack Brown and C. Phipps, Vancouver, 6-2, 6-4, 6-4.

North Vancouver Scores Victory

NORTH VANCOUVER, B.C., Aug. 5 (P).—North Vancouver eleven defeated Seattle cricketers by 134 runs in the opening match of the 'North Shore' cricket week here today.

Aided by Smyth, who scored 177 runs, the North Shore eleven compiled 280 runs. Seattle batsmen were dismissed for 146.

Nicholson with 33, Barwick with 30, and Royston with 29 were the chief run-getters for the visitors.

BERMUDA BEATEN

TORONTO, Aug. 5 (P).—Playing against the stiffest opposition of their tour to date, the touring Bermuda cricketers today were defeated by an Eastern Canadian team by 135 runs.

Battling first, the Canadians declared their score at 324 runs for nine wickets. The visitors, in reply, totaled 189.

CAPTURES TROPHY

R. Morrison and Dave Sheret succeeded in winning the Hibben-Bone Trophy from R. Cran and W. H. Dunbar by a margin of 2-1-4 and 1.

The winners allowed the losers 2-3-4 holes to start with, and it was only at the fourteenth they were able to draw level and eventually forge ahead and win by the margin stated.

POLOISTS ARRIVE

NEW YORK, Aug. 5 (P).—The first division of the British polo expedition to challenge for the American open title arrived today on the E. American Trader with thirty-four mounts, sixteen groomers and a farrier.

The ponies were sent immediately to the Burnt Mills Polo Club, at Bedminster, N.J., where the players will train for the championship which starts September 7 at the Meadow Brook Club.

Catholics Await Action of Leaders

CARDINAL BERTRAM CARDINAL FAULHABER CARDINAL SCHULTE
German Catholics, faced by strict Nazi surveillance, have been worshipping uneasily as they wait action by their leaders following expressions of Government wrath against priests accused of political activity and threatened with arrest. Cardinals, pictured above, were expected to confer on policies to be pursued in the light of the newest Nazi decrees. GOING AFTER SPEED RECORD

Detroit Manufacturer Will Have Entry in Harmsworth Cup Event

DETROIT, Aug. 5 (P).—Edward S. Evans, Detroit manufacturer, whose twenty-eight-day trip around the world established a new record in 1926, announced today that his two sons would participate in the next Harmsworth race in a "hydrofoil" boat, which they believe the fastest water craft ever constructed.

Evans said the boat, owned by Bob and Ed Evans, has been constructed, and that it would be ready for tests next month.

"With one-fourth the power used by a boat of this size, we think we will be able to attain a speed at least twenty-five miles an hour faster than Wood's world record," Evans said.

Miss America's record is 124.88 miles an hour.

The manufacturer said the boat had a hull modeled after an airplane fuselage, mounted with outriggers equipped with submerged wings or "staps."

Grid Star Passes

MIDLAND, Ont., Aug. 5 (P).—From internal injuries received when kicked last Fall in a Rugby game, Lawrence "Champ" Duncan, nineteen-year-old prominent Midland athlete, is dead here.

Well known as an amateur boxer and a runner, Duncan was playing in a Rugby game between Midland High School, which he attended, and Collingwood. He suffered a relapse last month and died Saturday.

LLOYD WANER OUT

CHICAGO, Aug. 5 (P).—Physicians reported tonight that Lloyd Waner, brilliant center fielder, may be out of Pittsburgh Pirates' lineup for several weeks.

Waner ran against a wall at St. Louis yesterday. The extent of his injuries were unknown pending the outcome of an X-ray examination.

MICHAEL BRODERICK DIES

MONTREAL, Aug. 5 (P).—Michael E. Broderick, of Cornwall, Ont., one of Canada's outstanding athletes twenty-five years ago, died at Denver, Colo., today. It was learned here a celebrated lacrosse player, he played for Cornwall and Ottawa in the nineties.

SOCIAL DRAMA ON DOMINION SCREEN

"Age of Indiscretion" Deals With Divorces, Children and Stars Paul Lukas

"When parents divorce—what rights have the children?" This is the question asked, and answered with dramatic intensity, in "Age of Indiscretion," an amazing drama of children of separation and the law courts, now playing at the Dominion Theatre.

The new picture, with Paul Lukas, Madge Evans, May Robson and little David Jack Holt involved in the main action, is a graphic echo of several famous court cases of recent times. Delving into the intimate facts, it has produced a gripping piece of human interest entertainment touched with high drama.

May Robson plays a dominant character as the millionaire mother-in-law, battling with her millions to wrest a child from the arms of his father following a separation.

Lukas, as the fighting father, has one of the most unusual and interesting roles in his career.

CAPITOL Very few men could answer promptly the question of why they are religious (if they are). But few would give so naive an answer as the African chieftain with whom Zoltan Korda conversed whilst he was obtaining 60,000 feet of jungle shots for "Sanders of the River," the feature now at the Capitol Theatre.

When the chief said he was religious, Korda asked him why. "Why? I don't know." When pressed for a reason, he said, "Well, on Sundays I send all the children to the church, and then I can go to sleep."

PLAYHOUSE A new note in the technique of set design was struck by

Richard Day, 20th Century art director when he came to create the sets for "Clive of India," starring Ronald Colman at the Playhouse Theatre. For, although the main background of Clive's dramatic life was India, Day's idea was to portray that country from an English point of view, inasmuch as the story concerns British characters. "It is a tradition," explains Day, "that when an Englishman goes colonizing he attempts to transplant a bit of England in whatever land he settles."

COLUMBIA Dick Powell and THEATRE Frank McHugh warble a comedy duet in "Happiness Ahead," the first Na-

Church Papers Want U.S. to Take Action Concerning Olympiad

Catholic and Protestant Publications Make Drastic Demand—Want Americans to Withdraw Support From 1936 Games in Berlin

By ALAN GOULD
Associated Press Sports Editor

NEW YORK, Aug. 5 (AP)—On the heels of the latest demands by Jewish organizations that the United States withdraw its support from the 1936 Olympic Games in Berlin, two church publications—one Protestant and the other Catholic—today called editorially for equally drastic action.

The Commonwealth, a Catholic weekly, in effect urged a boycott of the Olympics by all Catholics. The Christian Century, a Protestant magazine, declared fair play could not be expected in Germany and recommended the transfer of the international athletic meet to some other country.

The Commonwealth traces, in detail, a sequence of events calculated to show prejudice, discrimination and even violence against the athletic youth organization of German Catholics, despite assurance from Reichsfuehrer Hitler and protests from the Vatican. Frequent attempts have been made, the editorial charges, to disband the Deutsche Jugendkraft, organized in 1920 to foster the athletic work of young German Catholics and numbering nearly 1,000,000 members in 1932.

In the interest of justice and fairness," concludes the Commonwealth, "we suggest that no Catholic and no friend of the sport activities of Catholic institutions ought to make the trip to Berlin. We re-

quest each and every organization identified with the church to make it clear to its members that participation in the approaching games means endorsement of willful and violent persecution.

President Avery Brundage and other members of the United States Olympic committee, while fully cognizant of the growth of feeling against Germany on religious and racial grounds, have taken the attitude that there is time to reconsider the country's Olympic attitude if and when it is proved German policies have been violated with respect to treatment of either Jewish or Catholic athletes.

SCENE IS READY
The Christian Century's suggestion that the Olympics be shifted from Berlin to some other world capital echoes a similar idea put forward in other quarters. The idea was not taken seriously by Olympic leaders here. Recently Daniel J. Ferris, secretary of the Amateur Athletic Union, said, "If the games are not held in Berlin, they probably will not be held at all."

It is the policy of the international Olympic committee to allow at least three years for a city to prepare for the games. Germany's athletic plant is now nearly completed for the 1936 meet. Invitations to the games in Berlin already have been accepted by forty-eight nations, eight more than participated in the Los Angeles Olympics in 1932.

Victoria's star tennis player, B. P. Schwengers, hadn't much trouble yesterday, moving his way through those who still stood between him and the right to meet Joe Tyler, of Spokane, in today's final for the British Columbia championship. He first defeated his brother, Conrad Schwengers, in straight sets, 6-4, 6-4, before a large and enthusiastic crowd, and then captured the tournament final against Mitchell in a four-set match, his opponent managing to get the second, 7-5. Only in this single instance did Marshall anywhere approach the international champion, the latter's strength of serve, his accuracy both at the base line and from the net being too much for the runner-up. Schwengers will play Tyler this afternoon at 2 o'clock.

Schwengers and Tyler have thus far kept their heads above water in the Victoria Tennis Tournament now in progress. The prophets predict that they will come together in the finals and that the Spokane man will give the Victorian the hardest match he has had this summer.

The Spirits are coming from Seattle on Saturday to meet Wataite's pet. The aforesaid "pet" are being put through a severe course of training. They should be ready to take the visitors into camp by the end of the week. The fans should witness a first-class ball fixture.

Another all-day cricket match is down for Saturday, when the competing teams will be Victoria and Burrard (Vancouver). It will take place at the Jubilee grounds, and is expected to be fully as good as last Saturday's game, which was against Vancouver and which the locals won by a comfortable margin.

FIGHTERS ARE WAITING FOR OPENING BELL

Joe Louis and King Levinsky In Great Shape for Tomorrow's Bout

By CHARLES DUNKLEY
Associated Press Sports Writer

CHICAGO, Aug. 5.—Their training maneuvers over, Joe Louis, the Detroit bomber, and King Levinsky, Chicago's wallowing ex-fishpeddler, today began forty-eight hours of testing before their heavy-weight battle in Comiskey Park, Wednesday night.

Up at his Round Lake, Ill., training camp, Levinsky indulged in one last training move, a private workout with even newspaper correspondents refused admittance. Around the bend in Lake Michigan, at the Summer home of Julian Black, one of Louis' managers, near St. Joseph, Mich., the brown bomber planned to do nothing more than catch up on the sleep he lost during the blistering hot nights of the training stage.

Levinsky, who has trained so faithfully that he has reduced to 198 pounds, lightest he has been in five years, engaged in his secret training session, so his handlers could check up on his condition and perhaps throw a couple of tough sparring partners into the ring with him for a real battle of a couple of rounds instead of the routine training sparring.

Louis left no doubt as to his condition during the last two days of sharpening up work with the gloves. He worked for speed and to keep his brilliant timing. He punched terrifically in the moments he chose to cut loose. He weighed 194 pounds.

The rush for tickets gained volume with Promoter Joe Foley announcing that the advance sale had reached \$110,000. He predicted the gate might approach \$250,000.

There will be no broadcast of the fight.

Swimming Marks Broken by Two Japanese Stars

TOKIO, Aug. 5 (AP)—Reizo Koke bettered the listed world record for the 200-meter breast stroke event here tonight with a time of 2:41.2, providing the outstanding feat of the third and final night of the all-Japan tryouts to select a team to compete with an invading United States squad.

Another listed world record beaten was the 400-meter free-style, which Miroshi Negami swam in 4:46, one-fifth of a second slower than his time of 4:45.8 made in Sunday's semi-finals.

Play Smart Ball in Calvert Cup Fixture at Bullen Park—Spencers Come From Behind to Nose Out Saanich, 5-3—Silent Glows Win

Turning in one of their smartest performances of the season, and displaying plenty of fight all the way, Painter's Bruins softball team upset the dope bucket yesterday evening at Bullen Park when they checked in with an 8-6 victory over Brunson's Boys. "A" Section finalists, in a Calvert Cup fixture.

Playing at Central Park, Poodle Dog Cafe squad came from behind to nose out a smooth-functioning North Saanich Service Club aggregation of softballers, 5-3, another Calvert Cup tussle.

Fielding well behind the consistent pitching of their speedball artist, Bert Simpson, Painter's Bruins came through with a well-earned 8-6 victory over Brunson's Boys. The game was fast from start to finish and provided the large following of fans with good softball entertainment. As a result of their victory, the fuel merchants enter the semi-final round of the Calvert Cup series.

Brunson's Boys opened the scoring in the first inning when they sent home one runner. Both teams

Score by innings:
Painter's Bruins 0 0 5 1 0 2 0 0 0—8
Brunson's Boys 1 0 0 2 1 2 0 0 0—6
Batteries—Bert Simpson and Berry; Comerford, Palmer and Dunnett.

SEVENTH-INNING RALLY
The proverbial "lucky seventh" proved just that for the Poodle Dog Cafe softballers, as they drove over five runs in a determined rally that carried them through to a 5-3 victory over North Saanich Service Club in a Calvert Cup fixture.

With Sanbury, visiting hurler, heaving good ball and being aided by good support by his teammates, Poodle Dog Cafe nine trailed two runs behind the Saanich boys until the eventual seventh, where they brought their long-range guns into action and banged out enough hits to score five runs, their only makers in the fixture.

Saanich scored two in the first frame and added another in the eighth for a total of three runs.

Sid Carr, first string pitcher, worked on the slant for Spencers and hurled his eighteenth victory of the season. The winners tossed in two double plays for extra measure for the large crowd that witnessed the fixture, one of the most bitterly contested on the Central Park diamond for many a day.

Score by innings:
North Saanich 2 0 0 0 0 0 1 0—3
Spencers 0 0 0 0 0 5 0 0—5
Batteries—Sanbury and Lines; Carr and Knapp.

SILENT GLOWS WIN
Driving the friendly offerings of Thompson, James Island pitcher, to all corners of the lot, Silent Glows, "A" Section softballers, slugged their way to an 11-1 victory over the Islanders in a Poodle Dog Cafe Cup tussle at Victoria West Park. The burner men collected a total of twenty base knocks, including homers by Kennedy and Sumner, and doubles by Robertson, Kennedy and Sumner.

Launching their offensive in decisive fashion as early as the first round, Silent Glows pushed across one run and then added four more in the second. One run in the third, fifth and sixth frames and two runs in the fourth and the ninth gave the burner men eleven markers.

Shaw Captures Western Tennis Title at Regina

REGINA, Aug. 5 (AP)—Slightly built Doug Shaw, who never won a major title in his life before, today brought Regina its first Western Canada singles championship.

"Giant killer" of the current Western hard court championships, Shaw followed up his surprise victory over the defending champion, Eddie McKush, of Winnipeg, by upsetting Saskatchewan Champion Alf Bence, of Saskatoon, 3-6, 6-2, 6-3, 6-4.

The Shaw and Bence match finished the tournament, all other matches having been completed over the week-end.

Golf Pro Takes Twenty Strokes

OAKLAND, Calif., Aug. 5 (AP)—Come, all ye golf duffers who still feel bad because you took a nine on that par-four hole you've always made in at least seven until this week-end—read this and cheer up.

Charley Sheppard, pro at the Castlewood course, near here, took a 20-yes, twenty!—on the par-four fifteenth hole of the Claremont Country Club links yesterday during the Northern California open golf championship tournament.

Sheppard, who has won the tourney twice in previous years, scored an 86 on that particular round, despite the disastrous fifteenth, and had a not-so-bad hole total of 300 and landed in twenty-fifth place.

Local Greens Scene of Much Activity as Annual Tournament of Local Association Commences—Mayor Leeming Officially Opens the Meet at Beacon Hill Club

By W. H. YOUNG

A threatening sky during the early hours of yesterday caused some uneasiness among the lawn bowlers in attendance at the opening of the annual tournament of the Greater Victoria Lawn Bowling Association, but soon Old Sol got to work, and for the major portion of the day the weather was ideal.

All predictions as to the number in attendance have been exceeded, but arrangements had been made to meet all emergencies, and when night came everything had been completed according to schedule.

Proceeding started with a brief address by President J. W. Mercer, who formally welcomed those from outside the city, assuring them of the best of treatment socially, while intimating that on the greens they would have to depend upon their own skill for favorable results.

His Worship Mayor David Leeming was then called upon to extend the civic welcome, and in his characteristic happy vein started the competitors off in the best of good humor. Referring to the fact that it was apparent more greens were required to keep pace with the increase in the membership attending the annual tournaments, he intimated that if proper representations were made to the City Council he was sure more greens would be forthcoming. At the conclusion of his remarks, His Worship threw the first bowl and officially declared the tournament open.

PLAY RINK MATCHES

During the whole of the day play was confined to the rink competitions, and as the draw will not be completed until this evening, no announcement can be made as to the final results. There were, however, some splendid contests, and some of the best of the combinations fell by the wayside. It seemed to be the will of fate that Pete Corcoran, of Vancouver Terminal, and Fred Hamman, of Burnside, should clash in the first game of the day. Although Hamman's margin was fairly large it by no means was an indication of the play, as the game was one of the best of the day.

Following is the standing of the various men's rinks at the conclusion of the first day:

YANKS TAKE WEIRD BALL FIXTURE FROM RED SOX

Cut Tigers' Lead By Triumph Over Boston Nine, 10-2

Staffing Tactics Fail to Halt Game Which Is Finally Stopped in Fifth Due to Rain—New York Giants Nose Out Brooklyn in First of Series—Cincinnati Whips Cubs

AMERICAN LEAGUE
BOSTON, Aug. 5 (AP)—The New York Yankees beat the Boston Red Sox 10-2 today in a weird ball game terminated by rain in the first half of the sixth. Red Ruffing pitched his first victory for the Yanks after four straight defeats.

Nine hits, seven walks and three errors gave the Yanks their ten runs off five pitchers, starting with Fred Otmurel and ending with Stewart Bowers, rookie right hander from Gettysburg College, making his big league debut.

A fourth inning shower held up the game seventeen minutes and the fifth was a travesty, but with more rain coming up and on the chance that the game would be called before the legal four and one-half innings, the Red Sox tried not to get the Yanks out, and the Yanks tried to get themselves out, reversing the usual procedure. Umpire Moriarty finally called a halt to these tactics and the side was retired.

Picard and Revolta Captures Top Place in Invitation Tournament

INVERNESS GOLF CLUB, TOLEDO, Ohio, Aug. 5 (AP)—Inverness par, he's 71, was recovering today from the terrific beating which he received the last four days from sixteen of the United States top-notch golf pros in the invitational four-ball matches which netted the participants \$4,600.

In the twenty-eight matches staged, the sharpshooters carved out a total of 224 birdies and one eagle before Henry Picard, of Hershey, Pa., and Johnny Revolta, youthfully Milwaukee star, were declared the day's square garden's long Island winners. The decision was up in bowl on August 22.

NEW YORK, Aug. 5 (AP)—Jack Doyle, Irish heavyweight, and Buddy Baer, brother of the former heavyweight champion, were matched today for a six-round bout in Madison Square Garden's Long Island winners.

Rival Baseball Squads Ready for Big Battle

Manager "Stuffy" McGinnis' Old-Timers All Pepped Up for Fixture Tomorrow With Senior League All-Stars at Enclosure

With rival squads all pepped up and ready for play, Manager "Stuffy" McGinnis' 1935 edition of the Old-Timers will make their second appearance of the season tomorrow evening at the Royal Athletic Park, ready to do or die against the up-and-coming young stars from the Victoria Senior Baseball League. The fixture is scheduled to get under way at 6 o'clock, with Leo Holden as umpire-in-chief.

It will be a battle of age versus youth, as baseball stars of a few decades ago make a determined effort to upset the old adage, "Youth must be served." In their first fixture some weeks ago, the Old-Timers almost came through to victory, and were leading 7-6 until the fatal last inning, when a wild pitch allowed the youngsters to score the equalizing run.

MANAGERS CONFIDENT
Joe Casey, Victoria Senior Baseball League prey and boss of the All-Stars, and Fred "Stuffy" McGinnis, manager of the Old-Timers, were both confident of victory when interviewed yesterday. Casey figures his younger players will burn and steal bases while the Old-Timers look helplessly on, but McGinnis sees the outcome as nothing but a victory for his proteges. The genial boss of the veterans points with pride to the accomplishments of his players over the "timid" a few years ago, and is ready to bet his best hat that they can still strut their stuff in fine style.

Determined to turn back the youngsters in this, his second attempt, Manager "Stuffy" McGinnis announced yesterday that Jack Noble, speedball artist of a few seasons ago, will in all probability be his starting pitcher for the big battle. Behind the plate, just as lively and effective as ever, will be Tommy Bowden, former Elks' backstop. C. Prescott will be the substitute catcher and will see action during the evening. Other players on the Old-Timers' line-up will include Murly Dunn, Pete Sallaway, "Hap" Gandy, Art Webster, Art Minnis, Roy Copas, Herb Cummins, T. Zaccarelli, L. Woodhouse, Norman Forbes, Elmer Smith, Hughie Devereaux, D. Roosan and John Kerr.

ALL-STARS' LINE-UP
Manager Joe Casey has announced

his players' roster as follows: Catchers, Henry Woodford and Bill Bridgewood; pitchers, "Sonny" Walker, Lloyd Jones and Lorne Murray; infielders, Tommy Restell, Albert Barnwell, Bill Mundie, "Red" Erickson, Bill Blake, Raymond Casey and "Scotty" Robinson; outfielders, George Gandy, Ken Fleming, Art Chapman, "Red" Bennis and "Porky" Williams. From this material the Victoria Senior League All-Stars will be able to field a well-balanced squad, and one that will give the veterans plenty of trouble.

Prior to the commencement of the game, the players will line up facing the grandstand and bleachers and observe a short silence in final tribute to Jamie Holmes, veteran Victoria hurler of a few decades ago who passed away recently.

Considerable interest is being taken in tomorrow evening's fixture and when the signal, "play ball," is given, one of the largest crowds of the season is expected to be on hand ready to witness a battle for supremacy as veterans meet youngsters on the baseball diamond. The first game ended 7-7.

Security Prices Fairly Firm at New York Mart

NEW YORK, Aug. 5 (AP).—Another active stock market session today found its chief support in a brisk rally of the oil and continued firmness of the utilities.

While closing prices were fairly firm in most categories, a few of the recent leaders moved up under profit taking and a majority of the offerings. Realizing was moderate, however, and serious casualties were few in number.

The Associated Press average of 60 selected shares advanced 1.4 points to 47.5, a new 1935 top. The utilities composite also registered a new year's peak with a gain of 3.4 points at 363. Transfers totaled 1,750,010 shares.

The corporate bond market failed to work out a distinct trend in either direction today. Irregularly lower prices were the rule among secondary rails and utilities, while government and high-grade bonds continued last week's upward trend.

Outstanding performers on the up side included B. F. Keith 6 1/2 up 1/2 at 104 1/2; Great Northern 4 1/2 up 1/2 at 8 3/4; and Chicago and Eastern Illinois 5 1/2 up 1/2 at 80.

The foreign division was considerably heartened by a better tone in Italian Government 7 1/2, which gained 1/4 at 69 1/4.

Investment circles gave considerable time today to a study of the forthcoming Canadian Government refunding issue of \$76,800,000 which is expected to be offered in the United States market early next week at a price slightly under par.

A survey of the district indicated at least twenty or more of the leading underwriting houses of New York will participate in the financing.

This will be the first Canadian Government offering floated in the United States since June, 1933, at which time \$60,000,000 of fifteen-month notes at 4 per cent were sold.

What Today Means

"LEO" If August 6 is your birthday, the best hours for you on this date are from 6 to 11 a.m. from 1 to 3 p.m. and from 7 to 9 p.m.

The child born on August 6 usually, after it enters preparatory school, develops rapidly both mentally and physically. It will have the gift of making friends, and being able to keep them.

If a man and August 6 is your natal day, you probably have a poetic imagination and a romantic disposition. The stage, pulpit, lecture platform, politics and the pen and brush are among the vocational mediums through which your best work is likely to be accomplished.

ANNOX RESIDENTS REACH VANCOUVER

VANCOUVER, Aug. 5.—One hundred and fifty Annox residents arrived here this morning on the Canadian National liner S.S. Prince George to be greeted at the dock by a throng of friends and relatives.

They are the first large group to come south in the exodus resulting from the closing of the big smelter.

Fifteen more left the ship on the southbound trip at Prince Rupert, and went east by rail, some of them bound for the Flin Flon district in Manitoba.

PROFITS SHOW SMALL DECLINE

Canada Packers Report Shows Net Return for Last Year of \$896,374

TORONTO, Aug. 5 (AP).—Canada Packers, Limited, closed its eighth fiscal year on March 28 last with net profit of \$896,374, equal to \$4.48 on the common stock, against \$5.04 the preceding year. It is announced in the annual statement released by J. S. McLean, president.

The company declares a dividend of \$3 per share to be paid in quarterly installments beginning last April. Future dividends will be determined by earnings.

Total sales amounted to \$62,767,674 for 1934-35, against \$61,749,459 the preceding year. The net profit was equivalent to 21 per cent per dollar of sales or 1-5 cent per pound of products sold.

OUTLOOK IS ENCOURAGING

Mr. McLean states: "The year under review has been the most encouraging since 1930 to the livestock producer." He remarked on the loss the Canadian farmer is suffering from the discount at which Canadian bacon is sold in England as compared with Danish bacon. He said the average discount on Canadian bacon was about 11-12 cents per pound. As Canada produced 6,000,000 hogs last year, he figured that if Canadian bacon had sold at the same price as the Danish product Dominion farmers would have received 6,000,000 times \$2.50, or approximately \$15,000,000 more.

PRICE DOMINATION

Of the report of the Price Spreads Commission indicating Canada Packers and Swift Canadian handle 85 per cent of the livestock produced in the country and therefore dominated prices, Mr. McLean declared: "Even if they so desired, which they certainly do not, it would be clearly impossible for companies handling one-third of the livestock to dominate prices."

Total assets are shown in the balance sheet at \$28,720,302, of which fixed assets total \$18,282,340.

CHICAGO WHEAT PRICES CLIMB

Reports of Rust Damage Sends Values Upward—Other Grains Strong

CHICAGO, Aug. 5 (AP).—Stirred by skyrockets of Minneapolis wheat prices, values in Chicago today went strongly upward.

Persistent cornish house demand readily absorbed selling, despite announcement of 5,525,000 bushels increase of the United States wheat supply in the past week.

Bulls called attention to starting advances in wheat prices after August 1 in 1916, a red letter year for rust damage.

Wheat closed nervous, 1 3/4 to 2 1/4 above Saturday's finish. Best 91 7-8 to 92, corn 5 1/2 to 5 3/4, and oats 1 1/4 to 1 1/2 cent advance.

(WATER PLANES)

WITH FULL LOAD, A FOUR-ENGINE FLYING BOAT CAN CARRY ON EVEN THOUGH ONE ENGINE FAILS, WITH 90 PER CENT FULL LOAD IT CAN FLY ON TWO ENGINES.

SHOULD TWO ENGINES FAIL WITH FULL LOAD, IT COULD STRETCH ITS GLIDE TO 150 MILES BEFORE BEING COMPELLED TO LAND.

FULLY LOADED FLYING BOATS NEED ALL THEIR ENGINES TO TAKE OFF. ENGINE FAILURE ON TAKE OFF IS NO HAZARD, AS THERE IS PLENTY OF ROOM TO LAND STRAIGHT AHEAD.

AMERICAN ocean transport aircraft have four engines. This combination provides the maximum in power plant safety. The big four-engine passenger liner, clipper ship has engines of 800 h.p. each. Its designers would like more power, but the engines used happen to be the largest tried power plants available in the U.S.A. today. These clipper ships are required in their acceptance tests to do considerable rough water flying, landing and taking off in five-foot waves. Actually they can negotiate much rougher water than this.

However, as big and seaworthy as they are, the ocean gets far too rough for them at times. Hence it is important that they stay in the air and their power plant layout is designed with this in mind. With modern maintenance systems, the failure of two out of four engines of a clipper ship is almost inconceivable, yet they can almost fly with full load on two engines. On ocean hops, the greater part of the total useful load is fuel. Hence, when and if two engines fail, a portion of the fuel load may be dumped and the clipper can then complete the leg of its journey.

"An old ninnhammer, a dotard, a nincompoop is the best language she can afford me," writes Addison, thus giving caste to what was in the beginning outcast language.

Nincompoop, which bears all the earmarks of being the ragged and hobnob of the lexicon is in fact of classic origin. Its source is no less than a dignified Latin phrase.

We have nincompoop as a corruption of non compos mentis, meaning mentally incapacitated. Used largely in legal procedure, especially in connection with wills and invalidation due to the maker being of unsound mind, laymen, generally, acquired a vagrant familiarity with the expression. It was only natural, therefore, for

STATE HEALTH PLAN DEFINED

Dr. Alton Peebles Outlines Scheme For British Columbia to Gyro Club

How the proposed state health insurance scheme would function in British Columbia was outlined to members of the Victoria Gyro Club at luncheon yesterday in the Empress Hotel, by Dr. Alton Peebles, recently-appointed technical adviser to the Provincial Government on state health insurance.

Two of the major factors in the scheme as laid down for this province were that it would spread out the uneven burden of medical costs and would enable persons at present unable to secure proper treatment to have the necessary services. Dr. Peebles stated that the term "medical" was used in its broadest sense to include all treatment while a person was ill.

THE NEW SCHEME
The new scheme, continued Dr. Peebles, would be compulsory to all employees earning less than \$200 per month and their dependents. Indigents would also be covered by the scheme. The scheme will be financed by contributions from employees, employers, rural municipalities, voluntary contributors and the Province. Deductions up to 3 per cent from employees' salaries will be made, while employers will contribute up to 2 per cent. Indigents will be cared for solely by the Province, which will also bear half the cost of administration, Dr. Peebles said.

In explaining the benefits from such a scheme, the speaker stated that the Province was planning to stress more on the medical care than the financial return. However, the scheme would allow a man while on half his weekly earnings up to \$10 per week in cash. But, in addition, he would receive services of a general practitioner, specialist treatment, hospital and drugs, all of which would be paid from the contributed fund. There would also be a limited dental and nursing service available.

Women would receive maternal care. Dr. Peebles declared that the scheme would not deprive the citizen the right to consult their own physicians. Cost of medical care in this province has been unevenly divided among the population in any given period of time, Dr. Peebles stated. Some years, families were required to pay between 10 and 20 per cent of their total income for medical services.

Under the state health scheme, he stated, worry concerning payment of bills for medical treatment would be removed. "You can't budget for illness. And it not only occurs in depression times," he stated. Interest in state health insurance was increasing generally throughout the Dominion and United States, Dr. Lawrence Mallett was presented with the "stunt" cup of the club. Dr. Charles B. Mesa made the presentation.

CHIEF EXPLAINS RULE FOR ZONES

Rights of Motorists When Passing Safety Stations Are Clarified By Thomas Heatley

Regulations governing the operation of traffic signals in so far as they affect intersections where safety zones are located, were clarified in a statement by Chief Thomas Heatley yesterday. Motorists have been puzzled by the safety zones and many have been under the impression they were to keep to the right of the zone at all times.

Chief Heatley stated that when there is no street car in sight it is permissible for the motorist to drive to the left of the safety zone when going through an intersection. He had noticed that some motorists were driving from the middle of the road, across traffic to the right to pass between a safety zone and the curb.

This is only necessary when there is a street car ahead of the driver, Chief Heatley said.

Mrs. Figg—Does your husband ever pay you compliments?
Mrs. Fogg—Well, sometimes he says, "You're a nice one!"

Little Stories for Bedtime

Yellow Wing and His Smallest Cousin

By THORNTON W. BURGESS

Yellow Wing the Flicker came out of his hole in the Big Hickory Tree and flew down on the ground near Peter Rabbit. Peter saw that when his wings were spread they showed a beautiful golden-yellow on the under side and he understood how Yellow Wing comes by his name. The under side of his tailfeathers were also yellow. Around his throat was a broad, black collar. From this clear to his tail were black dots. When his wings were spread the upper part of his body just above the tail was pure white.

"My!" exclaimed Peter. "You are a handsome fellow!"
Yellow Wing looked pleased. Perhaps he felt a little flattered. "I am glad you think so, Peter," said he. "I am rather proud of my suit. I don't know of any member of my family with whom I would change coats."

Just then from the edge of the Green Forest there sounded a clear, loud call of "Pe-ek! Pe-ek! Pe-ek!"
"Excuse me, Peter," cried Mrs. Flicker calling me," exclaimed Yellow Wing, and away he went. Peter noticed that as he flew he went up and down. It seemed very much as if he bounded through the air just as Peter bounds over the ground. "I would know him just as far as I could see him by the way he flies," thought Peter. "I know he belongs to the woodpecker family, but he doesn't seem like a Woodpecker because he is on the ground so much. I think I'll run back to the Old Orchard and ask Jenny Wren something about the Woodpecker family."

So Peter scampered back to the Old Orchard, and as soon as he saw Jenny Wren he began to ask questions. "Are there any other Woodpeckers besides Yellow Wing the Flicker who comes down on the ground?" asked Peter.
"Tut, tut, tut, tut!" cried Jenny Wren. "Think a minute, Peter."

"I like Muffets"

"Hello everybody—I'm broadcasting that I like Muffets—they're a whole network of breakfast enjoyment and good health in themselves. Try tuning-in on them yourself."

"Muffets are what I call a real 1934 model cereal—limousine quality—small car economy—and streamlined in taste. They give me more food mileage per dish."

"Muffets in the morning put me on the right path all day. They're a good guide to follow if you want to enjoy a really 'scrumptious' breakfast."

STORMY LOVE

A YOUNG NAVY MAN'S ROMANCE

CHAPTER VIII

From the time he could walk Val remembered standing protectively beside his fragile little mother in hotel bedrooms to hear his naval officer father's charge, "Take good care of Mommie, son, until dad comes home again." He had adored the small, dependent mother whose fingers, like his own, could conjure magic harmonies from a piano. She had died when he was eight, but he had never forgotten her; a few years later his dad, too, had slipped away. After that, more boarding schools, at seventeen an appointment to the Naval Academy, and since graduation six years ago, a cubbyhole room aboard various battleships of the U.S.N.

Which left him here drinking by himself! A hell of a note! The persistent thought of Kent Townley came to torment him. That bird would not be lonely tonight. Just about now he'd be meeting Jan and the captain in the lounge, they would dine together, and later he and Jan would walk on deck in the moonlight. With Jan in his thoughts, hadn't he watched the silver crescent grow all the voyage down river?

He stared along the bar with disillusioned eyes. A dull, uninteresting crowd here. He hadn't even the satisfaction of getting a kick from his drinks. In the midst of laughter and music he felt infinitely lonely and depressed. He decided suddenly to shove off for the club; it was sure to be livelier than this morgue, and since he was bound to stir up excitement of one sort or another before the night was over, he supposed he might as well go top-side and change into dinner clothes.

Coming out into the lounge again, he was surprised to see the girl still sitting where he had left her, and as he stood watching the small figure he noted that although the aura of smart sophistication still persisted, yet she appeared a bit youthful and forlorn. Since he must pass close to the corner she occupied, it seemed only decent to pause for a word.

"It is quieter than usual here this evening," he said politely. "The Cashy is attracting the tea crowd this week, I suppose."

Startled, she looked up with such a eager little smile that he was struck anew by that fleeting weirdness. He knew what it meant to be depressed; it touched him to see melancholy in those velvety dark eyes.

He dropped suddenly into the chair facing her to demand, "Look here, is something wrong? Is there any way I can help?"
There was a pause before she answered. She stared down at the lovers on the enameled cigarette case and ran a crimson nail up and down along the lid. Finally she asked softly, "How can a—lonely person make the most of her first—and perhaps last—evening of freedom?"

For a moment he was taken aback, but presently a smile twitched one corner of his good-looking mouth. And so the charming little lady had a game after all.

Which left him here drinking by himself. dance with me I can promise I shall not disgrace you. What do you say?"
Her eyes shining pools, she clasped her small hands ecstatically. "Oh, I'd do it," she cried. "I am staying at this hotel and I have the loveliest frock upstairs. May I have time to change?"

Val favored her with a glowing smile. "Good news, Miss Charleston!" His erect young body swung to its feet. "I was on my way up to get into dinner clothes when I caught sight of you here. Shall we meet in the lounge in three-quarters of an hour?"

After she had disappeared in the lift Val crossed the lobby and asked a guarded question or two at the desk. When he ascended to his own room he wore an amused grin. Nothing more was known of Miss Lia Garenne than that she had arrived at the Astor just before midnight. But there was no Gorgon-like employer in the office; on the contrary, the young lady was quite alone.

While the room cooed fetched towels and ran the water for his bath Val flung out of his clothes. The world looked merry and bright once more. Doing Shanghai tonight with Miss Lia Garenne might prove plenty interesting.

Stretching his bronze young body, he cast an appreciative eye over the easy chairs, the luxurious bed, and the flowered chintz that made his room in the Astor a pleasant contrast to his airless cubby-hole aboard the *Paradise*. Some men, he thought, lived all their lives surrounded by just such comforts as these, and he wondered for the thousandth time what the hell a fellow saw in the navy and why he had let himself in for it.

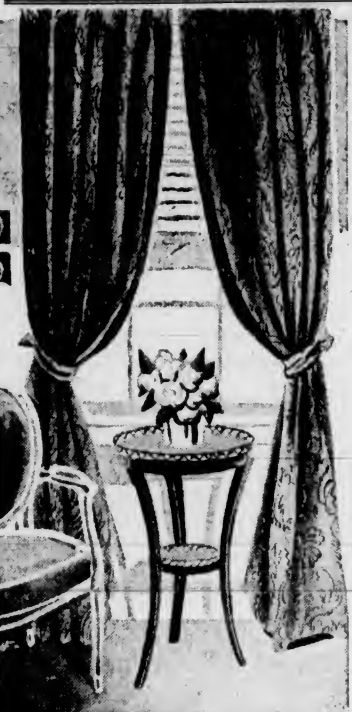

Today Brad had accused him of looking for the soft job. And why not? When he had chosen a navy career it had been with the resolve that it should never get its claws into him if he could prevent it. Look what it had done to his parents. Because his mother would not be separated from his father, she had died of cholera in Hankow's blistering Summer heat. A few years later his dad's life had been snuffed out from overfatigue and pneumonia, contracted from too long hours on the open bridge of an old type cruiser as he battled to bring her safely through a slashing North Atlantic blizzard.
